Company

Four decades after it was founded, Treemme Rubinetterie continues to propose new collections ranging from the most traditional to the most innovative, while preserving those characteristics that have allowed it to flourish and prosper: high quality, impeccable service and the added value of Made in Italy.
In recent years, the company has enjoyed great success in relation to design, focussing on the personalisation and innovation of its products without neglecting the classic and more traditional lines.

Treemme Rubinetterie has received a number of prestigious awards, including DESIGN PLUS, in 2007, for Blok by Giancarlo Vegni, and in 2011, for Philo, designed by Gianluca Belli/Phi Cubo and for Light, designed by Danilo Fedeli. The 5mm project, by Ocostudio e ing. Castagnoli, won the Design Plus award in 2013, and in 2014 it received the GRAN DESIGN ETICO, the GERMAN DESIGN AWARD, the prestigious RED DOT DESIGN AWARD, ADI DESIGN INDEX AWARD and the PREMIO COMPASSO d'ORO 2016. Its latest creation, the 22MM, again designed by Ocostudio e ing.Castagnoli, won the ADI Ceramics Design Award.
Treemme Rubinetterie was founded in 1968, in Asciano, in the province of Siena. Originally, it was called "Rubinetterie Toscane 3M", a reference to the singular coincidence that the surname of all three founding members starts with the letter M (Renato Michelangioli, Armando Medina and Guido Mencarelli).

The company started out as a workshop specialised in the entire tap production process (casting, galvanising, polishing, finishing and assembling) and quickly evolved thanks to the outstanding organization that characterised it from day one. Consumers soon recognised and appreciated its meticulous approach to quality and customer service.

In 1980, the company started a new colour trend by launching the Arcobaleno (Rainbow) collection, created with the valuable collaboration of the DESIGN CALONACI & GAZZEI studio. In 1989, during its main phase of international expansion, it changed its name, first to Rubinetterie 3M (without the word "Toscane") and then to Treemme Rubinetterie, establishing a brand that today is appreciated both in Italy and abroad.

Azienda

Dopo più di 40 anni di attività, Treemme Rubinetterie propone costantemente nuove collezioni che spaziano dalle linee più innovative a quelle più tradizionali, conservando intatte le caratteristiche che ne hanno consentito la nascita e lo sviluppo: alta qualità, servizio impeccabile e la forza del made in Italy.
Negli ultimi anni l'azienda ha ottenuto grandi risultati nel settore del design grazie ad una maggiore cura alla personalizzazione e all'innovazione dei prodotti, tutto questo senza tralasciare le linee più classiche e tradizionali.

Treemme Rubinetterie è stata insignita di prestigiosi riconoscimenti quali il DESIGN PLUS nel 2007 con Blok di Giancarlo Vegni, nel 2011 con Philo disegnato da Gianluca Belli/Phi Cubo e con Light di Danilo Fedeli. Con il progetto

5mm di Ocostudio e ing.Castagnoli, oltre al Design Plus nel 2013, ha inoltre vinto nel 2014 anche il GRAN DESIGN ETICO, GERMAN DESIGN AWARD, il prestigioso RED DOT DESIGN AWARD, ADI DESIGN INDEX ed infine l'ambito PREMIO COMPASSO d'ORO ADI 2016. Mentre per l'ultima nata la 22MM sempre del duo Ocostudio e ing.Castagnoli, è stato vinto il premio ADI Ceramics Design Award.

Treemme Rubinetterie nasce nel 1968 ad Asciano in provincia di Siena. L'azienda fu inizialmente chiamata "Rubinetterie Toscane 3M" per una curiosa coincidenza, ovvero l'iniziale del cognome dei tre i soci fondatori (Renato Michelangioli, Armando Medina e Guido Mencarelli).
Treemme Rubinetterie nasce come officina artigianale dove si realizza il ciclo completo di produzione del rubinetto (fonderia, galvanica, pulimentatura, verniciatura e assemblaggio) e cresce in fretta grazie all'ottima organizzazione della quale si avvale fin da subito. I clienti non tardano a riconoscere e ad apprezzare la meticolosa attenzione che viene rivolta alla qualità e al servizio al consumatore.
Nel 1980 l'azienda lancia la moda del colore realizzando la collezione Arcobaleno con la preziosa collaborazione dello studio DESIGN COLONACI & GAZZEI.
Nel 1989, durante la fase di maggior internazionalizzazione, il nome dell'azienda viene modificato in "Rubinetterie 3M" fino ad arrivare al più recente Treemme Rubinetterie, un brand ad oggi affermato e apprezzato anche oltre i confini nazionali.

Designed in Italy - Made in Italy

At Treemme Rubinetterie the raw materials as well as the design are Made in Italy. Ever since it was founded, the company has been creating its products with the valuable collaboration of great designers, mostly Italian, thanks to whom the brand has won a number of awards.

Recently, the Treemme Rubinetterie has been rewarded with prestigious prizes such as the German Design Awards, the Red Dod Design Award, the Design Plus Award, as well as the ADI Design Index, ADI Ceramics Award and Premio Compasso d'oro.

Treemme Rubinetterie preserves the quality of its products and their individual components by carefully selecting its suppliers in Italy and carrying out 80% of its production in-house.

A worldwide network of commercial agents, in contact with all the main national and international showrooms, takes care of the marketing side of the business. This distribution network allows the company to better satisfy its clients' needs by offering immediate assistance and an incredible 15 year guarantee on all its products.

La scelta del made in Italy non avviene solo per le materie prime ma anche per il design.
Da sempre Treemme Rubinetterie si avvale del prezioso contributo di designer per lo più italiani per la progettazione dei prodotti, collaborazioni che hanno portato il brand ad essere premiato con numerosi riconoscimenti.

Negli ultimi anni l'azienda è stata insignita di prestigiosi premi come il German Design Award, il Red Dot Design Award, il Design Plus, ADI Design Index, l'ADI Ceramics Award e Premio Compasso d'Oro.

Treemme Rubinetterie ha scelto di conservare intatta la provenienza dei propri prodotti e dei diversi componenti degli stessi, selezionando attentamente i fornitori nazionali e realizzando in stabilimento più dell'80% della produzione a catalogo.

La commercializzazione è affidata ad una rete mondiale di agenti che distribuiscono i prodotti nelle più grandi showroom nazionali ed internazionali. La capillare rete di distribuzione consente all'azienda di soddisfare maggiormente le esigenze dei clienti ai quali offre un'assistenza immediata ed una garanzia di ben 15 anni sui propri prodotti.

International Quality Standard

Treemme Rubinetterie keeps updating and renewing the certifications it has obtained in relation to the quality of its products and management systems and the compliance with environmental policies according to the standards required. Rubinetterie Treemme stands out for the quality of its products, its experience, technology and style, and today is particularly focussed on its environmental approach.

Reducing its water consumption and the quantity of Lead and Nickel in its production process are just some of its main commitments to the environment. This is achieved by using the company's special technologies (RUVECO, ECO-CARTRIDGE, ENERGY-SAVING SYSTEM etc.) as well as special brass alloys.

Attention to environmental issues starts during the very early stages of production, by introducing production systems with a very low environmental impact, such as sophisticated water depuration systems that allow to recycle all the water used in the chromium plating process. A new closed-loop wastewater management process allows to reduce considerably the amount of water and chromium in muddy residues. Reducing waste in this case means reducing costs as well as any water-related impact on the environment while at the same time lowering power consumption and pollution emissions and improving employees' working conditions.

Using only materials of the highest quality, with the characteristics required to obtain international product certifications, is another essential aspect.

Individual product quality certifications (ACS in France, PUB in Singapore, NSF61 in the US, WATERMARK in Australia, BELGAAQUA in Belgium); ISO9001 process compliance certification, and OQC, quality and origin certification, which guarantees the quality and origin of products MADE IN ITALY.

Treemme Rubinetterie possiede e persegue con continui aggiornamenti le certificazioni di qualità dei prodotti e dei servizi di gestione, del rispetto delle politiche ambientali secondo gli standard previsti. Rubinetterie Treemme si distingue per qualità, grande esperienza, tecnologia, stile, ed oggi vuole focalizzare l'attenzione sulla sensibilità che l'Azienda pone nei confronti dell' ambiente.

Ridurre il consumo dell'acqua, diminuire le quantità di Piombo e Nichel nella produzione, sono solo alcuni degli aspetti di maggiore importanza per l'eco sostenibilità.

Tutte caratteristiche raggiunte grazie all'utilizzo di speciali tecnologie (RUVECO, ECO-CARTRIDGE, ENERGY-SAVING SYSTEM etc.) di cui l'azienda dispone, oltre all'utilizzo di speciali leghe di ottone.

Il rispetto per l'ambiente viene considerato sin dalle prime fasi di produzione, con l'introduzione di cicli produttivi a livelli minimi di impatto ambientale, come i sofisticati impianti di depurazione e riciclo completo dell'acqua utilizzata per la cromatura. Un innovativo processo di trattamento delle acque a ciclo chiuso permette, infatti, di ridurre in modo consistente il contenuto in acqua e cromo dei fanghi residuali da smaltire. Ridurre lo spreco in questo caso non significa quindi solo abbassare i costi economici e ambientali legati all'acqua ma anche all'energia e alle emissioni inquinanti ad essa collegate, oltre che tutelare le condizioni di lavoro dei dipendenti.

Sempre maggiore importanza è riservata anche all'utilizzo di materiale di alta qualità e con caratteristiche idonee per poter acquisire le più importanti certificazioni di prodotto internazionali.

Marchi dei singoli prodotti (ACS francese, PUB singaporese, NSF61 americana, WATERMARK australiana, BELGAAQUA belga) , marchio di processo ISO9001e della certificazione di origine OQC (Origine Controllata Qualità) che garantisce oltre alla qualità del prodotto anche la reale provenienza del MADE IN ITALY.

Designers

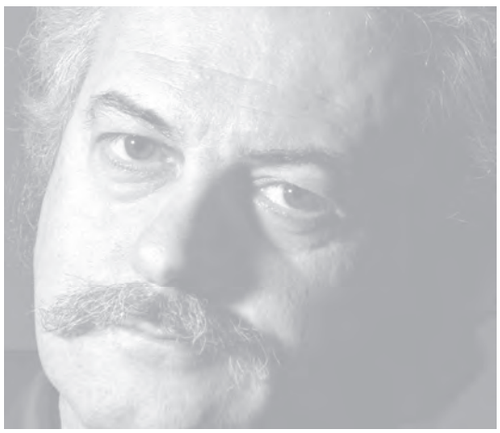

EMANUEL GARGANO - MARCO FAGIOLI

Both Emanuel Gargan and Marco Fagioli are graduates of the Istituto Superiore per le Industrie Artistiche di Urbino (1994-1998), and after a few years of professional experience, they founded their studio in Umbria. Their work experiments directly with a variety of materials, used both as visual tools and as a mode of expression. They are currently involved in private home projects, installations, communications projects and industrial designs. In 2008 they won the Good Design Award from the Chicago Athenaeum for their Multiplo project for the Indesit Company. In that same year they also received the Kitchen of the Year award for their Anima Space Kitchen project from the Danish magazine BoBedre, designed for Binova. That same project was, furthermore, also chosen by Elle Decor International Design Awards in the Kitchens category. The installation they designed for Vaselli, Marmomacc 2009 won them the Best Communicator Award 2009. In 2013 They won the Design Plus for the collection 5MM designed to Treemme taps.

PHICUBO _ ALESSANDRA BERTINI - GIANLUCA BELLI

Gianluca Belli comes to Design following an unusual and non-linear path. Design as a place where mechanical design, studied during high school at a technical college and the aesthetic-formal education, gained during his artistic studies at university, split between the D.A.M.S. (Art, Music and Performing Faculty) of Bologna and the Accademia di Belle Arti (Fine Arts Academy) of Florence, where he studied sculpting. During this period he participated in various illustration and painting group exhibitions. The guideline of his Design is aesthetic and conceptual functionality. “Rethink the world” is his design approach, a modus operandi which he shares with architect Alessandra Bertini, a graduate of the Faculty of Architecture of Florence in 2004 with a thesis on Universal design. This is what led to the creation of Phicubo. Active since March 2007, Phicubo has been involved in design and research, linking its name to the topic of eco-sustainability and Universal Design, for which it has been rewarded by the Tuscan Region in 2010 as one of the 60 eco-efficient companies in Tuscany. Asides the continuing research on biodegradable materials and alternative energies, Phicubo collaborates with various Italian companies in different areas of design, from the furnishing sector, pharmaceuticals, to architecure and urban furnishings.

GIANCARLO VEGNI

A Designer With A Multidisciplinary Approach, He Boasts A Well-Established Experience In The Kitchen Furnishing Sector, Gained By Working In The Ferretti Design Team Since 1968. Since 1976 He Has Been Heading His Studio, Working In The Industrial Design, Interior Design And Communication Sectors. His Projects Are Based On Functionality And Essential Lines. His Activity Is Varied, Moving With Ease Between Different Product Types. He Designs Kitchens, Bathrooms, Living Areas, Shops And Exhibition Stands And Works In Different Market Sectors Such As Furniture, Sailing, Cars And Interior Architecture. He Continually Seeks The Distinguishing Detail Of An Object To Highlight Its Identity. His Goal Is To Give Emotions And Well-Being. He Works For Established Brands Such As Effeti, For Whom He Coordinates The Artistic Design And Corporate Identity, Edra, Seven, Antonio Lupi, Fasem, Mazzei, Zanussi, Iveco, Novamobili, Unitalia, Bertocci, Lema, Candy, Treemme, Valli&Valli. Highly Regarded And Internationally Famous, He Exports The Quality Of Italian Design Around The World.

MASSIMILIANO BRACONI

was born on 25 November 1974 in Civita Castellana. After completing the Art School, he graduated from the European Institute of Design (IED) in Rome In 2000 he founded his own studio in Viterbo starting to collaborate with international companies such as Designer, Art Director and Artist. Wins A’Design awards 2016, German Design Award 2017, Icon Awards 2018, Icon Awards 2019, Index ADI 2019 (Compasso D’oro 2020 Selection), the Archiproduct Design Awards 2019, the Good Design Awards of Chicago 2020 and the IF Design Award 2020. Chameleonic and visionary artist, he realizes his utopias in the widest and most liberating sense possible, advances himself by constantly seeking a taste for “aesthetics” as an authentic experience of the individual. Constantly searching for unusual visual and sensorial concepts, he combines art and design, creating his own language pure visual free from the usual and infected realities. His pristine sign examines human consciousness, observes the past and current cultural taste, however he creates comely and visionary chimeras, avant-garde products and works that he presents to sophisticated and atypical viewers.
“Unconventional visionary artist”

STUDIO Q-BIC

Q-bic is a full service visual identity and branding agency. Founded in 2005 by brothers Luca (Architect) and Marco Baldini (Designer) their projects range from architectural statements and graphic identity projects through to scenography (theatres) and commercial design projects (temporary events). “We conceive our design projects as an attitude or statement where there is a recognizable character. Once this character takes form and identity, we are then able to deliver this identity through the relevant spaces and creative mediums”

DANILO FEDELI

Danilo Fedeli was born in Lucignano (Province of Arezzo) in 1973. He graduated, cum laude, in industrial design at the Faculty of Architecture of Florence, with a thesis on the bathroom and its new ethical and social dimension in relation to water. He worked as a designer for a well-known company operating in the shower systems sector, where he gained significant experience in the bathroom sector, before going freelance. In 2008 he founded his 3df studio, developing design projects. Today he collaborates with well-known national companies and designs furnishing products and even stagings for the fashion sector. He continually seeks new uses for shapes, and believes that beauty is not designable, but that it lies silently in the simplicity of continuous lines. His works are a sophisticated combination of everyday experiences and passions, in a single vision of the world to be. He has participated at international competitions and has achieved significant results. A fellow of the ADI (Italian Industrial Design Association) as of 2009.

GIAMPIERO CASTAGNOLI

Giampiero Castagnoli graduated in mechanical engineering in 1974. He has dedicated his successful career to the bathroom fixtures industry, holding important managerial roles in leading companies both in Italy and across Europe. Since 1985 he has completely renovated the company’s product range and been involved in design, planning, engineering and internal production. The registration of significant patents has improved considerably the range of products, especially in relation to taps (for example, the PWS system). During the years, he has published a number of articles in specialised magazines and university textbooks. Since 2008, he works as a freelancer offering his expertise to a number of leading companies in the bathroom fixtures & design business.

MARCO PISATI

Designer fascinated by new materials and new technologies, tests his ideas in the most extreme sectors: starting from the aerospace, designing interiors bound to the concept of space habitability in absence of gravity for the A.S.I. (Italian Space Agency), reaching the earth’s nomadic one, realizing the first example of interactive nomadic office (Motorhome Aci 2002).Invited to expose his works at Leopolda Exposition in Florence (Deep Inside-Image 2003) he presented with the company Grado Zero Espace, leader brand in the aerospace textile branch, a prototype of a jacket for astronauts in Diaplex (a tissue with a memory of shapes). He cooperate with companies as : A.S.I., Alenia Spazio, Iacsa, Grado Zero Espace, Iguzzini Illuminazione, A.C.I., Emilio Pucci (LVMH group), Bandini Rubinetterie, Il Bagno Bandini, K8 Radiatori, Glass Design, Ceramica & Complementi, 3M Rubinetterie.

CONTROL KEYPAD - FARBTHERAPIE DUSCHSYSTEM
CONTROL KEYPAD - SISTEMA DE DUCHA CON CROMOTERAPIA

Accensione / spegnimento di Control Keypad: La cromoterapia può essere accesa o spenta utilizzando il tasto centrale ON/OFF.
Selezione del colore: per impostare Control Kaypad con il colore che preferisci, basta premere il tasto del “funzionamento manuale” più volte, fino a quando non troverai il colore che più ti piace. Modalità cambiacolore automatica: Per far scorrere l’intero spettro dei colori premere il tasto funzionamento automatico una sola volta. Per tornare alla modalità con un solo colore basta premere il tasto “funzionamento manuale”

Control Keypad on/off: The chromotherapy can be turned on or off by using the central ON/OFF button.
Colour selection: to set the Control Keypad with the desired colour, press the “manual mode” button several times until you find the colour of your choice.
Automatic colour change mode: To scroll through the entire spectrum of colours, press the automatic mode button once.
To go back to the mode with one colour, press the “manual mode” button

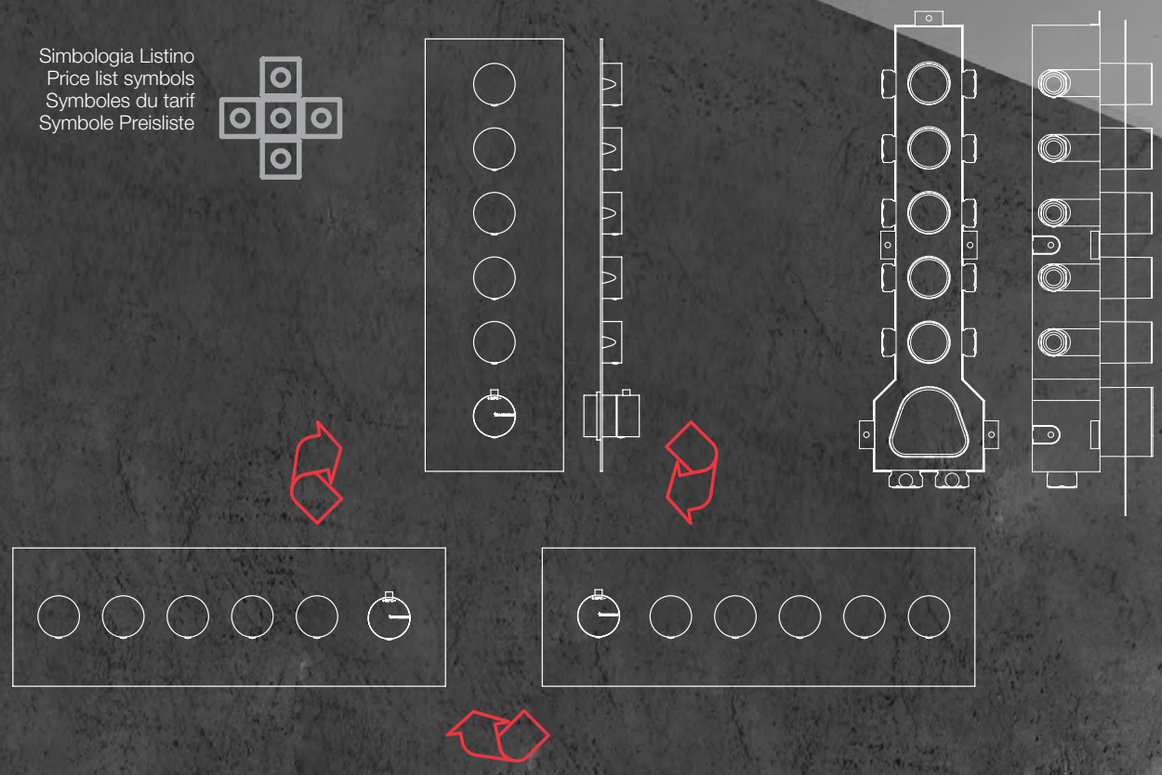

Allumage / arrêt du dispositif Control Keypad : La touche centrale ON/OFF permet d’allumer ou d’éteindre la chromothérapie.
Sélection de la couleur : pour configurer le dispositif Control Keypad avec la couleur que vous préférez, il suffit d’appuyer plusieurs fois sur la touche du « fonctionnement manuel » jusqu’à ce que vous trouviez votre couleur favorite. Mode changement de couleur automatique : Pour faire défiler l’ensemble du spectre des couleurs, appuyer une seule fois sur la touche fonctionnement automatique.
Pour revenir au mode avec une seule couleur, il suffit d’appuyer sur la touche « fonctionnement manuel ».

Ein-/Ausschalten des Control Keypad: Die Farbtherapie kann durch Betätigen der zentralen ON/OFF-Taste ein- oder ausgeschaltet werden.
Farbauswahl: Zum Einstellen des Control Keypads auf die gewünschte Farbe genügt es, die Taste für den „manuellen Betrieb“ mehrere Male zu drücken, bis die gewünschte Farbe angezeigt wird. Automatischer Farbwechselmodus: Durch einmaliges Drücken der Taste für den manuellen Betrieb kann die gesamte Farbpalette durchgeblättert werden. Um auf eine einzelne Farbe zurückzukehren genügt es, die Taste für den „manuellen Betrieb“ zu drücken.

Treemme is Green...

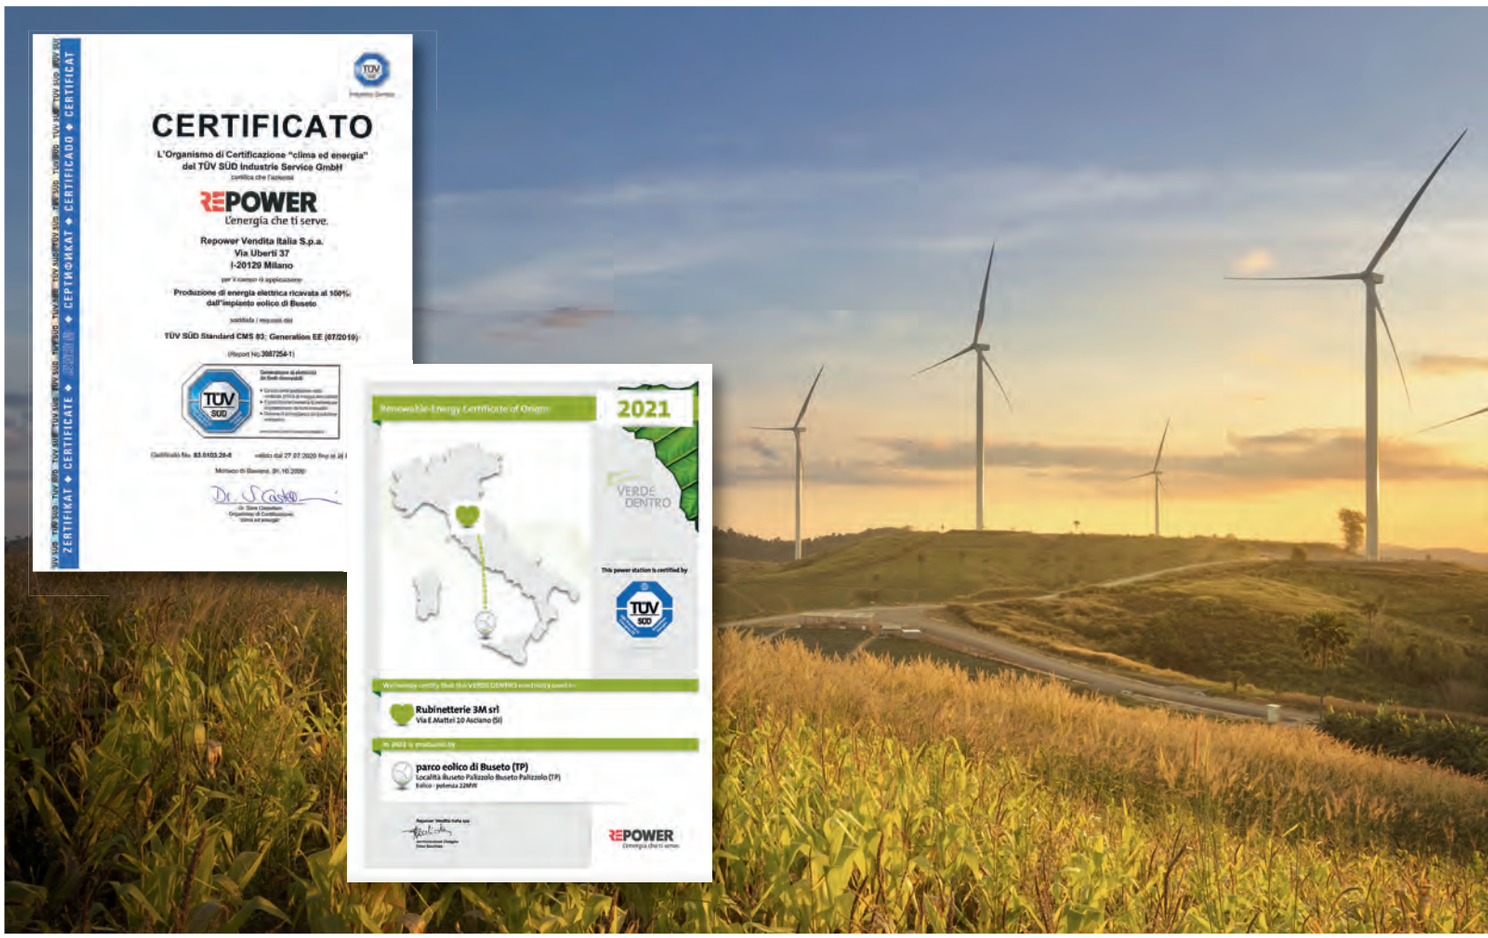

La tutela dell'ambiente è una responsabilità irrinunciabile per tutti, e per noi di Treemme è già radicata nella cultura aziendale e applicata naturalmente nel processo produttivo quotidiano. Il nostro impianto fotovoltaico ha una potenza totale di 106,35 Kwh, fornendo circa l'8% del nostro consumo giornaliero di energia elettrica. La parte restante è fornita dal parco eolico di Buseto (TP).

The protection of the environment is an indispensable responsibility for all, and for us it has already been rooted in our company culture and been applied naturally in our daily production process. Our photovoltaic system has a total power of 106.35 KWh, supplying for around 8% of our daily electricity consumption. The rest of the electric energy is provided by a wind farm located in Buseto (TP).

La protection de l'environnement est une responsabilité indispensable pour tous, et pour nous Treemme, elle est déjà enracinée dans la culture d'entreprise et appliquée naturellement dans le processus productif quotidien. Notre installation photovoltaïque a une puissance totale de 106,35 Kwh, fournissant environ 8% de notre consommation quotidienne d'électricité. Le reste est fourni par le parc éolien de Buseto (TP).

Umweltschutz ist für jeden eine unverzichtbare Verantwortung und für uns bei Treemme bereits in der Unternehmenskultur verankert und wird selbstverständlich im täglichen Produktionsprozess gelebt. Unsere Photovoltaikanlage hat eine Gesamtleistung von 106,35 Kwh und deckt damit ca. 8% unseres täglichen Stromverbrauchs. Den Rest liefert der Windpark in Buseto (TP).

Continuiamo a puntare sempre di più alla realizzazione di articoli in acciaio e soprattutto all'utilizzo delle finiture PVD, di minore impatto ambientale rispetto alle tecnologie tradizionali.

We continue to focus more on developing stainless steel products, especially those in PVD finishes, whose production process has much less impact on environment compares to those produced with traditional technology.

Nous continuons à nous concentrer de plus en plus sur la production d'articles en acier et surtout sur l'utilisation de finitions PVD, qui ont un impact environnemental moindre que les technologies traditionnelles.

Wir konzentrieren uns weiterhin immer mehr auf die Herstellung von Stahlartikeln und vor allem auf den Einsatz von PVD-Oberflächen, die eine geringere Umweltbelastung als herkömmliche Technologien haben.

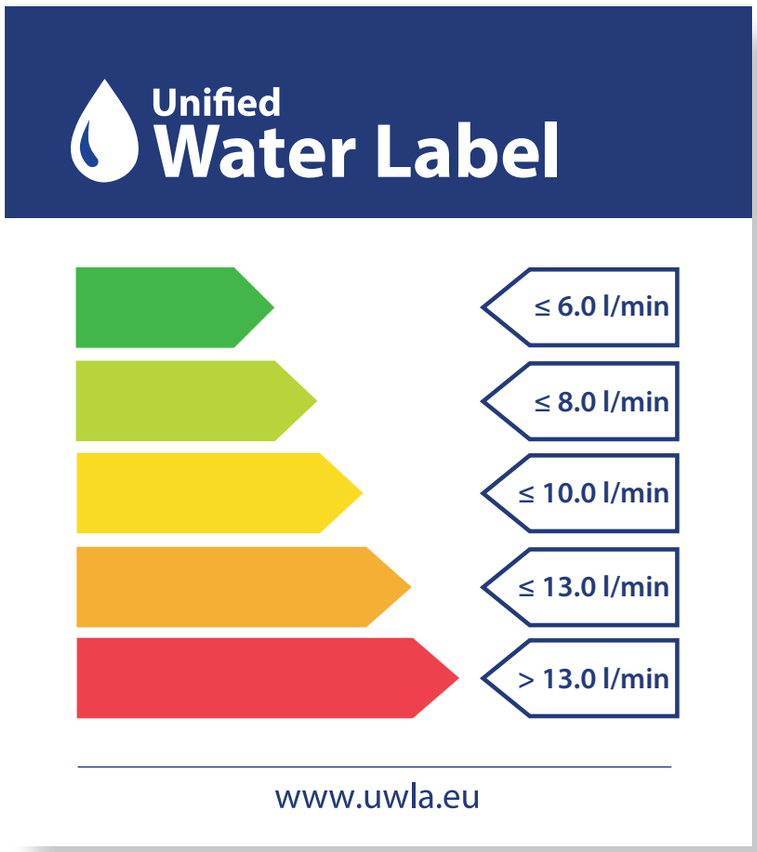

Water Label

Water label è uno schema che fornisce una chiara comprensione del consumo di acqua dei rubinetti consentendo quindi ai clienti di scegliere con consapevolezza prodotti rispettosi dell'ambiente ed economici nel loro utilizzo. Water label è un'ulteriore prova concreta dello sviluppo eco sostenibile di Treemme.

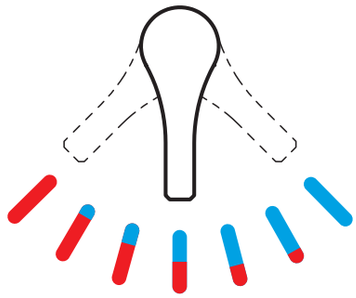

Water label, a scheme clearly presenting the water consumption of mixers allows the customers to make their selections while being conscious of the environmental and economic performance of the products. Water label is also a solid proof of Treemme's commitment to ecological sustainability.

Nous Avons une forte volonté d'informer les consommateurs en apposant sur nos articles un logo issu de l'étiquetage énergétique européen, indiquant leur consommation d'eau en Litres/Min. L'étiquetage Water label, non obligatoire, est la preuve concrète qu'un développement durable existe chez Treemme.

Das Wasserlabel ist ein Schema, das ein klares Verständnis des Leitungswasserverbrauchs bietet und es den Kunden ermöglicht, bei ihrer Verwendung bewusst umweltfreundliche und wirtschaftliche Produkte zu wählen. Das Wasserlabel ist ein weiterer konkreter Beweis für die ökologisch nachhaltige Entwicklung von Treemme.

Treemme is Green...

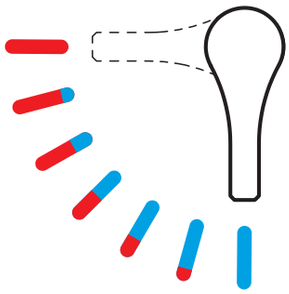

STANDARD

Per motivi legati al design, la leva del miscelatore è abitualmente in posizione centrale. Dal rubinetto esce acqua miscelata/ tiepida, che spesso non è assolutamente necessaria. Ad esempio, quando vi lavate le mani, nei pochi secondi di utilizzo avrete soltanto acqua fredda ma la caldaia si attiva e consuma energia per la produzione di acqua calda, senza beneficiarne.

For design-related reasons, the mixer lever is typically rested in the central position when the tap is not working. At this position, when the lever being lifted, the tap dispenses mixed water, which is often not necessary. For example, when you turn on the mixer with the lever in the central position to wash your hands, during the few seconds of use, though boiler activates to produce hot water, usually it arrives only cold water, having energy consumed without user benefiting from it.

Pour des raisons liées au design, la commande du mitigeur est généralement en position axé au corps du robinet. La commande dans cette position délivre de l'eau mitigé, ce qui n'est souvent pas nécessaire. Par exemple, lorsque vous vous lavez les mains, en quelques secondes d'utilisation, vous n'aurez que de l'eau froide mais la chaudière s'active et consomme de l'énergie pour produire de l'eau chaude, sans en profiter.

Aus gestalterischen Gründen wird der Mischhebel typischerweise in der zentralen Position belassen, wenn der Wasserhahn nicht verwendet wird. In dieser Position gibt der Wasserhahn beim Anheben des Hebels gemischtes Wasser aus, was oft nicht notwendig ist. Zum Beispiel, wenn Sie den Mixer mit dem Hebel in der zentralen Position zum Händewaschen einschalten, wird in den wenigen Sekunden der Nutzung zwar der Boiler aktiviert, um warmes Wasser zu produzieren, jedoch kommt meist nur kaltes Wasser an, wodurch Energie verbraucht wird, ohne dass der Benutzer davon profitiert.

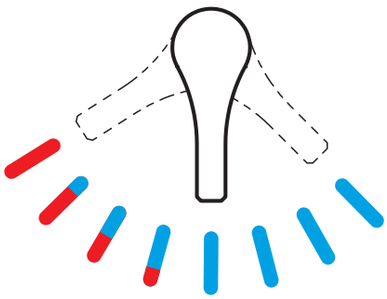

C3
COLD START

Da anni, alcuni produttori propongono rubinetti con cartuccia **C3**, chiamata anche **Cold Start**. Quando la leva si trova in posizione centrale il rubinetto eroga solo acqua fredda. Ruotando la leva verso sinistra fin la 90 gradi , il rubinetto eroga acqua tiepida o calda. Vantaggi: evidente risparmio di energia. Svantaggi: funzionamento meno intuitivo, soprattutto al primo utilizzo (locali pubblici, hotel , camere per gli ospiti) in quanto la leva non gira verso destra

In these years, some manufacturers have been offering taps with a **C3** cartridge, also known as **Cold Start**. With this cartridge, when the lever is in the central position, the tap only dispenses cold water rather than a mixed water. By turning the lever from the central position up to the 90 degrees to the left, the tap dispenses warm or hot water. **Advantages**: obvious energy savings. **Disadvantages**: less intuitive operation, especially on first use (public places, hotels, guest rooms) because the lever cannot be turned to the right side.

Depuis des années, certains fabricants proposent des robinets avec cartouche **C3**, aussi appelée **Cold Start**. Lorsque la commande est placé au centre, le robinet ne délivre que de l'eau froide. En tournant la commande vers la gauche jusqu'à 90 degrés, le robinet délivre de l'eau tiède o chaude. **Avantages** : économies d'énergie évidentes.**Inconvénients** : moins intuitif, surtout lors de la première utilisation (locaux publics, hôtels, chambres d'hôtes) car la commande ne tourne pas vers la droite

In den letzten Jahren haben einige Hersteller Wasserhähne mit einer C3-Kartusche angeboten, die auch als Cold Start bekannt ist. Mit dieser Kartusche gibt der Wasserhahn in der zentralen Position nur kaltes Wasser anstatt gemischtes Wasser aus. Durch Drehen des Hebels von der zentralen Position bis zu 90 Grad nach links wird warmes oder heißes Wasser ausgegeben. Vorteile: offensichtliche Energieeinsparungen. Nachteile: weniger intuitive Bedienung, besonders bei der ersten Benutzung (in öffentlichen Einrichtungen, Hotels, Gästezimmern), da der Hebel nicht nach rechts gedreht werden kann.

CCS
CENTER COLD START

L'impegno di Rubinetterie Treemme è nello studiare e proporre soluzioni innovative che apportino benefici di risparmio idrico ed energetico. Su nostra richiesta all'azienda tedesca Flühs, stiamo sviluppando in collaborazione una cartuccia C3 Cold start che potesse eliminare lo svantaggio ergonomico sopra descritto Il risultato è **CCS (Center Cold Start)**. Nel sistema CCS la leva ruota sia verso dx che verso sx. Dalla posizione di estrema destra fino a quella centrale, il rubinetto eroga acqua fredda. Solo spostando dalla posizione centrale verso sx avremo acqua tiepida e calda. Nel corso del 2025 le collezioni Aurelia, Ios, Hask, Up+, Watertube, 3.6 saranno dotati di questa cartuccia (con diametro 25). Entro il 2025 verrà sviluppato lo stesso sistema sulla cartuccia diametro 22. **Vantaggi**: evidente risparmio energetico, intuitività nell'utilizzo e normale movimento della leva. **Svantaggi**: nessuno.

Rubinetterie Treemme is committed to studying and proposing innovative solutions that benefit water and energy savings. At our request, German company Flühs is working collaboratively with us to develop a C3 Cold Start cartridge that could eliminate the ergonomic disadvantage of the current C3 cartridge mentioned above. The solution we found is **CCS (Centre Cold Start)**. Tap equipped with the CCS cartridge, has the lever being able to be turned to both the right and the left side like any normal taps. What is special of CCS is that when the lever turns from the extreme right position to the central position, it allows the tap dispenses only cold water. Only by moving the lever from the central position to the left will the user has warm and hot water. In 2025, the collections Aurelia, Ios, Hask, Up+, Watertube, 3.6 will be equipped with this cartridge (with a diameter of 25). By 2025, the same system will be developed for the cartridge with a diameter of 22. **Advantages**: obvious energy savings, intuitive use, and normal lever movement. **Disadvantages**: none.

L'engagement de Rubinetterie Treemme est d'étudier et de proposer des solutions innovantes qui apportent des avantages en termes d'économie d'eau et d'énergie. Nous avons demandé à l'entreprise allemande Flühs, de travailler au développement une cartouche C3 Cold start qui pourrait éliminer le désavantage ergonomique décrit ci-dessus Le résultat est **CCS (Centre Cold Start)**. Dans le système CCS, la commande tourne à la fois vers la droite et vers la gauche. Dans le système CCS, la commande tourne à la fois vers la droite et vers la gauche. De la butée côté droit au centre la commande délivre de l'eau froide En manœuvrant la commande vers la gauche, celle-ci délivrera de l'eau mitigée jusqu'à obtenir que de l'eau chaude en butée gauche Au cours de l'année 2025 les collections Aurelia, Ios, Hask, Up+, Watertube, 3.6 seront équipées de cette cartouche (avec diamètre 25). Le même système sera développé sur la cartouche de diamètre 22 d'ici à fin 2025. **Avantages** : économie d'énergie évidente, utilisation intuitive et mouvement normal de la commande
Inconvénients : aucun.

Rubinetterie Treemme engagiert sich dafür, innovative Lösungen zu entwickeln und anzubieten, die Wasser- und Energieeinsparungen fördern. Auf unsere Anfrage arbeitet die deutsche Firma Flühs kollaborativ mit uns zusammen, um eine C3 Cold Start-Kartusche zu entwickeln, die den ergonomischen Nachteil der oben genannten aktuellen C3-Kartusche beseitigen könnte. Die Lösung, die wir gefunden haben, heißt **CCS (Centre Cold Start)**. Ein Wasserhahn, der mit der CCS-Kartusche ausgestattet ist, hat den Hebel, der sowohl nach rechts als auch nach links gedreht werden kann, wie bei normalen Wasserhähnen. Das Besondere an CCS ist, dass der Wasserhahn nur kaltes Wasser ausgibt, wenn der Hebel von der extremen rechten Position in die zentrale Position gedreht wird. Nur durch Bewegen des Hebels von der zentralen Position nach links erhält der Benutzer warmes und heißes Wasser. Im Jahr 2025 werden die Kollektionen Aurelia, Ios, Hask, Up+, Watertube, 3.6 mit dieser Kartusche (mit einem Durchmesser von 25) ausgestattet sein. Bis 2025 wird dasselbe System für die Kartusche mit einem Durchmesser von 22 entwickelt. **Vorteile**: offensichtliche Energieeinsparungen, intuitive Bedienung und normaler Hebelbewegung. **Nachteile**: keine.

Batteria lavabo 3 fori 195 - LED
3 hole washbasin mixer 195 - LED
Mélangeur lavabo 3 trous 195 - LED
Waschtisch Dreilochbatterie 195 - LED

Non necessita di alimentazione elettrica
Power supply is not required
Alimentation éléctrique pas necessaire
Stromversorgung ist nicht erforderlich

A meno di 3 l/min la luce non si accende
Under 3L/MIN the light does not work
Au dessous de 3 l/m la lumière ne marche pas
Unter 3 l/m funktioniert das Licht nicht

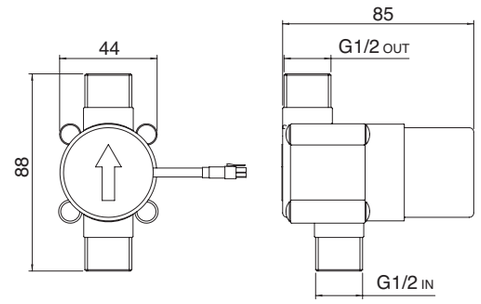

Min 1.5 bar - Necessari per il funzionamento
1.5 bar is needed to be operating
1.5 bar de préssion sont nécessaires pour le fonctionnement
Min 1,5 bar – für den Betrieb erforderlich

CONFIGURAZIONI LOGO MANIGLIE - HANDLES LOGOS CONFIGURATION
CONFIGURATION LOGOS MANETTES - GRIFF LOGO KONFIGURATION

Il termostatico viene consegnato di serie con maniglie senza logo.
In caso di richieste di maniglie con logo si prega di specificarlo nel modo seguente:
Esempio: Termostatico a 3 vie separate con soffione doccia, getti laterali e cascata ordinare le maniglie C (soffione doccia), B (getti laterali), F (cascata)

The thermostatic valve is delivered as standard with the handles without logo.
Should you need handles with logo please specify this information as follows:
Example: 3-outlet thermostatic valve with shower head, side jets and rain spray order handles c (shower head), b (body sprays), f (rain spray)

Le thermostat est attribué en série avec les manettes sans logo.
Si vous demandez des manettes avec logo veuillez le préciser de la façon suivante:
Exemple: thermostat à 3 sorties séparées avec pomme de douche, jets latéraux et cascade commander les manettes c (pomme de douche), b (jets latéraux), f (cascade)

Der thermostat wird serienmässig mit griffen ohne firmenlogo geliefert.
Falls sie griffe mit einem logo wünschen, bitten wir sie, dies wie folgt anzugeben:
Beispiel: bei thermostat mit 3 separaten ausgängen mit duschkopf, seitenwasserstrahl und kaskade sind die griffe c (duschkopf), b (seitenwassersträhle), f (kaskade) zu bestellen

MANUTENZIONE PERIODICA UGELLI IN SILICONE (A CURA DLL'UTENTE)

I soffioni in vostro possesso sono dotati di sistema "Easy clean" con ugelli di erogazione in silicone. Questo sistema permette all'utente di poter pulire periodicamente il soffione flettendo gli ugelli con la mano, evitando così depositi eccessivi di calcare che potrebbero compromettere il normale funzionamento dell'articolo.
La garanzia non copre danni causati dal deposito di calcare o/e impurità.

PERIODICAL NOZZLE MAINTENCANCE (BY THE USER)

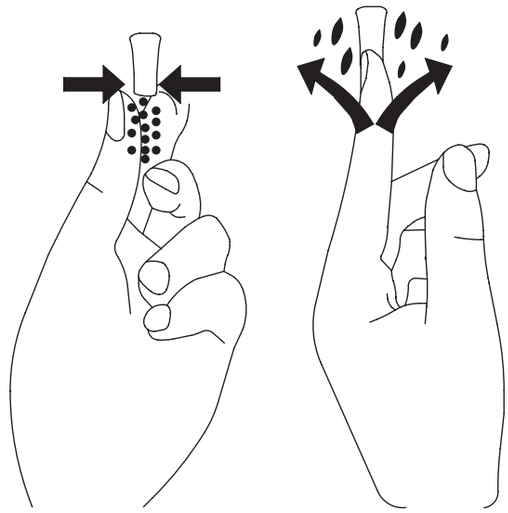

Your shower head has an "easy clean" system that enable you to clean the silicon nozzles. You can simply flex them in order to remove limestone that can prevent the correct use We suggest to do this operation each 15 days. Warranty do not cover damages caused by inefficiency maintenance and limestone / dirty residues

ENTRETIEN DES PICOTS (PAR L'UTILISATEUR)

Votre pomme de douche a un système "easy clean" que vous permet de nettoyer les picots en silicone. Ca suffit de les fléchir pour enlever les résidus de calcaire qui peuvent empêcher le bonne fonctionnement de l'article. On vous conseille cette opération les 15 jours. La garantie ne couvre pas les défaut causés par un mouvais entretien ou par la présence de calcaire ou impuretés

REGELMÄßIGE DÜSENREINIGUNG (DURCH DEN NUTZER)

Ihre Kopfbrause ist mit einem "easy clean" System ausgestattet, welches Ihnen ermöglicht, die Düsen sauber und kalkfrei zu halten. Um Kalkablagerungen und Verstopfungen in den Düsen zu entfernen, drücken Sie die weichen Düsen einfach einzeln leicht zur Seite. Wir empfehlen diese Maßnahme alle 15 Tage durchzuführen. Die Herstellergarantie umfasst keine Schäden durch Verkalkung und Verschmutzung, die durch unzureichende Reinigung der Düsen entstanden sind.

COOL TOUCH:

Il particolare sistema COOL TOUCH permette di mantenere la temperatura del corpo rubinetto sempre adatta al tatto, evitando scottature. E' una particolare innovazione indicata soprattutto quando i principali utilizzatori sono bambini o persone anziane, dato che essi sono maggiormente esposti al rischio di scottarsi.

the special COOL TOUCH system enables keeping the temperature of the faucet adapted to touch, thus avoiding burns. this is a particular innovation very useful especially when the main users are children or elderly people, since they are more exposed to the risk of burns.

l'élément système COOL TOUCH permet de maintenir la température du corps robinet toujours adaptée au toucher, pour éviter des brûlures. il s'agit d'une innovation particulière indiquée surtout quand les principaux utilisateurs sont des enfants ou des personnes âgées, vu qu'ils sont davantage exposés au risque de brûlure.

Das spezialsystem COOL TOUCH gestattet es, die temperatur des wasserhahnkörpers immer zum berühren geeignet zu erhalten und verhindert verbrennugen. dabei handelt es sich um eine innovation, die sich besonders dann eignen, wenn die hauptsächlichen benutzer kinder oder ältere menschen sind, denn diese sind der verbrennungsgefahr am meisten ausgesetzt.

Il dispositivo viene collegato al supporto doccia e fa sì che l'acqua, che entra accidentalmente nel foro di alloggiamento della doccetta, venga convogliata nel serbatoio di raccolta e scaricata direttamente tramite l'apposito tubo di drenaggio. Una speciale valvola impedisce l'eventuale ritorno dell'acqua per effetto dei vasi comunicanti.
Connected to the hand shower deck mount the anti-drip system allows the water which enters accidentally into the deck mount to drain through the water collector which is connected directly to the drain. A no-return valve prevents any backwash water.
Le dispositif est connecté au support de la douchette et permet à l'eau, qui pénètre accidentellement dans le trou dans lequel se loge la douchette, d'être acheminée dans le réservoir de collecte et évacuée directement via le tuyau de drainage. Un clapet anti-retour empêche la remontée de l'eau.
Die Handbrause und der Schlauch sind im Leckwasserbehälter integriert. Sollte der Brauseschlauch Wasser verliefen, wird das Wasser im Behälter aufgefangen direkt über das entsprechende Abflussrohr abgeleitet. Ein spezielles Ventil verhindert den Rückfluss des Wassers.

Il kit viene fornito con un adattatore universale per il collegamento a qualsiasi scarico precedentemente installato.
The kit comes complete with a universal adapter for connection with all types of pre-installed wastes.
Le kit est livré avec un adaptateur universel pour la connexion à n'importe quel tuyau d'évacuation existant.
Das Leckwasser-Auffang- & Ablaitsystem wird mit einem universellen Adapter geliefert, an welche alle möglichen Ablaufrohre anmontiert werden können.

Kit doccetta bordo vasca + sistema antigocciolamento completo di flessibile OT 150 cm e flex inox per collegamento alla rubinetteria.
Bathtub hand shower kit + anti-drip system complete with flexible hose (length 150 cm) and stainless steel flex cto be connecte to the diverter.
Kit de douchette pour robinetterie de baignoire sur gorge + système anti goutte avec flexible de 150 cm et flexible inox pour le raccordement à la robinetterie.
Handbrausenset für Wannenrandmontage mit Leckwasser-Auffang- & Ableitsystem. Schlauchlänge 150 cm. Für den Anschluss an die entsprechende Wannenrandarmatur.

Pulizia e manutenzione - Cleaning/maintenance

COSA FARE
Per una perfetta cura del vostro rubinetto è opportuno asciugare con un panno morbido i rubinetti dopo ogni utilizzo al fine di evitare che gocce di acqua lascino sulle superfici depositi di calcare difficili da rimuovere.

RUBINETTERIA CROMATA
In presenza di calcare o di aloni si consiglia l'uso di prodotti naturali, preservando quindi anche l'ambiente. Utilizzare un panno di cotone morbido con aceto bianco 1 parte da diluire sempre con 3 parti d'acqua
In alternativa è possibile utilizzare detergenti delicati a base di acido citrico
Ricordarsi di risciacquare con acqua e di asciugare alla perfezione

RUBINETTERIA IN FINITURA
Le rubinetterie con finiture colorate vanno pulite esclusivamente con un panno e acqua corrente o con un detergente estremamente delicato a PH neutro (7). Detergenti contenenti abrasivi o alcool, cosiddetti decalcificatori, sono infatti nemici dei rubinetti colorati

IMPORTANTE
Ridurre al minimo l'utilizzo di detergenti

COSA NON FARE
Non utilizzare detergenti a base di sostanze acide e fortemente corrosive (acido acetico, amminoacidi, idrossido di sodio e ipoclorito di sodio, acido fosforico, acido salino). Evitare spugne abrasive, paglie ruvide metalliche o panni in microfibra che potrebbero rovinarne irreparabilmente la superficie

---

WHAT TO DO
Take perfect care of your tap by drying it with a soft cloth after each use so as to prevent drops of water from leaving deposits of limescale on the surfaces, which are difficult to remove.

CHROME TAPS
It is advisable to use natural products for limescale or streaks so as to also protect the environment. Use a soft cotton cloth with 1 part white vinegar diluted with 3 parts water
Alternatively, mild citric acid based detergent can be used
Remember to rinse with water and dry perfectly

TAPS WITH FINISH
Taps with a coloured finish must only be cleaned with a cloth and running water or with an extremely mild detergent with neutral PH (7). Detergents containing abrasives or alcohol, so-called descalers, are in fact enemies of coloured taps

IMPORTANT NOTE
Use detergents as least as possible

WHAT NOT TO DO
Do not use detergents containing acidic and highly corrosive substances (acetic acid, amino acids, sodium hydroxide and sodium hypochlorite, phosphoric acid, saline acid). Avoid abrasive sponges or rough metal scouring pads or microfibre cloths that could irreparably ruin the surface

QUOI FAIRE
Essuyez avec un chiffon doux et propre après chaque utilisation

ROBINETTERIE CHROMÉE
Les résidus de calcaire se forment surtout dans les angles et dans les jonctions. Pour les éliminer, nous vous conseillons un nettoyant délicat à base d'acide citrique. Ne pas le pulvériser directement sur la zone concernée mais sur un chiffon.
En cas de taches de calcaire ou de halos, nettoyez la surface avec du vinaigre dilué avec de l'eau (1/3 de vinaigre, 2/3 d'eau)
Rincez abondamment et essuyez avec un chiffon doux et propre après chaque utilisation

ROBINETS AVEC DES FINITIONS AUTRES QUE LE CHROME
Les robinets avec des finitions autres que le chrome doivent être nettoyés avec un chiffon doux et propre à l'eau tiède ou avec nettoyant très délicat au ph neutre (7). Évitez d'utiliser des produits de nettoyage contenant des substances abrasives et/ou à base de chlore comme l'eau de javel, l'acide chlorhydrique (muriatique), les détartrants, etc.

IMPORTANT
Réduire l'utilisation de détergents

CE QU'IL NE FAUT PAS FAIRE
Évitez d'utiliser des produits de nettoyage contenant des substances abrasives et/ou à base de chlore comme l'eau de javel, l'acide chlorhydrique (muriatique), acide acétique, acides aminés, hydroxyde de sodium et hypochlorite de sodium, acide phosphorique, acide salin), les détartrants, etc.
Ne pas utiliser d'outils contenant du fer, tels que les paillettes à récurer, les brosses ou les grattoirs en acier.
Ne pas utiliser les mousses abrasives, les brosses ou les chiffons microfibre.

VORGEHENSWEISE
Für eine perfekte Pflege Ihrer Armaturen ist es ratsam, die Hähne nach jedem Gebrauch mit einem weichen Lappen zu trocknen, um zu vermeiden, dass Wassertropfen Kalkrückstände an den Oberflächen hinterlassen, die nicht leicht zu entfernen sind.

VERCHROMTE ARMATUREN
Wenn Kalkrückstände oder -ränder vorhanden sind, ist es ratsam, natürliche Produkte zu verwenden, um dadurch auch die Umwelt zu schützen. Einen weichen Baumwolllappen mit weißem Essig verwenden, wobei 1 Teil Essig mit 3 Teilen Wasser verdünnt wird
Als Alternative können auch milde Reinigungsmittel auf Zitronensäurebasis verwendet werden
Nicht vergessen, mit Wasser abzuspülen und perfekt zu trocknen

ARMATUREN MIT FARBIGEM FINISH
Armaturen mit farbigem Finish dürfen nur mit einem Lappen und fließendem Wasser oder mit einem sehr milden Reinigungsmittel mit neutralen PH (7) gereinigt werden. Reinigungsmittel, die scheuernde Partikel oder Alkohol enthalten, also sogenannte Kalklösungsmittel, sind für farbige Armaturen sehr schädlich

WICHTIG
Den Gebrauch von Reinigungsmitteln auf ein Minimum reduzieren

VERMEIDEN
Keine Reinigungsmittel auf Basis von sauren und stark ätzenden Stoffen (Essigsäure, Aminosäuren, Natriumhydroxid und Natriumhypochlorit, Phosphorsäure, Salzsäure) verwenden. Keine Scheuerschwämme, rauen Topfreiniger aus Metall oder Mikrofasertücher benutzen, durch die die Armaturenoberfläche dauerhaft beschädigt werden könnte

CONDIZIONI GENERALI DI VENDITA

art. 1 Disposizioni generali

1.1 Le forniture e le relazioni contrattuali tra la società Rubinetterie 3M S.r.l. di seguito -Venditore- e l'Acquirente di seguito -Compratore- sono regolate dalle presenti condizioni generali di vendita.

1.2 Eventuali deroghe o aggiunte alle presenti condizioni (da intendersi come condizioni specifiche) devono essere concordate per iscritto dalle parti e si intendono accettate solo se riportate nella conferma d'ordine. In caso di contraddizione prevalgono le condizioni speciali

1.3 Le presenti condizioni generali di vendita valgono anche per le vendite internazionali: resta inteso che qualsiasi riferimento a termini commerciali (come EXW, CIP, ecc.) è da intendersi come richiamo agli Incoterms della Camera di Commercio Internazionale, nel testo in vigore alla data di stipulazione del contratto.

art. 2 Modifiche

Il Venditore si riserva di apportare ai Prodotti le modifiche che, senza alterare le caratteristiche essenziali dei Prodotti, dovessero risultare necessarie o opportune.

art. 3 Ordini e loro modifiche

3.1 Ordini, contratti e richieste di consegna o di fornitura così come modifiche o aggiunte agli stessi dovranno essere formulati per iscritto.

3.2 La validità di eventuali accordi verbali, incluse modifiche e integrazioni alle presenti condizioni di acquisto, è subordinata alla tassativa conferma scritta da parte di Rubinetterie 3M s.r.l..

3.3 Saranno considerate conferme scritte anche le comunicazioni pervenute tramite fax o per via telematica.

3.4 Se dopo che sia stato confermato l'ordine il Venditore venga a conoscenza di protesti, sequestri, pignoramenti ed in genere atti pregiudizievoli a carico dell'acquirente, o divenga notorio che l'acquirente si trova in condizioni di difficoltà finanziaria, la venditrice potrà, a sua scelta sospendere il contratto ed esigere particolari garanzie, oppure risolvere il contratto per inadempimento del Compratore, ai sensi dell'art. 1456 c.c., mediante comunicazione da inviarsi a mezzo di lettera racc. a.r..

art. 4 Prezzi

4.1 Il prezzo di vendita, ove non specificato, è quello del listino del Venditore, considerato IVA esclusa, in vigore alla data del perfezionamento del contratto.

Qualora il Compratore decida di non ricevere i prodotti alla data pattuita di approntamento e consegna , o l'approntamento o la effettiva consegna non sia stata possibile per ragioni indipendenti dalla volontà del Venditore, i prezzi, se non già previsto nell'ordine, saranno soggetti alle variazioni del listino di Rubinetterie 3M S.r.l. e comunque alle variazioni dei costi dei materiali e della mano d'opera sopravvenute dal momento dell'approntamento dei prodotti sino al ritiro degli stessi da parte del committente o all'accettazione della consegna. Tasse, imposte, spese relative all'emissione di effetti bancari o all'eventuale regolarizzazione del contratto sono a carico del Compratore.

4.2 Salvo patto contrario, i prezzi si intendono per Prodotti imballati secondo gli usi del settore in relazione al mezzo di trasporto pattuito, resa franco fabbrica, essendo inteso che qualsiasi altra spesa o onere sarà a carico del Compratore.

art. 5 Condizioni di pagamento

5.1 I pagamenti devono essere effettuati direttamente alle Rubinetterie 3M Srl nei termini pattuiti, trascorsi i quali le Rubinetterie 3M Srl provvederanno senza alcun preavviso agli addebiti degli interessi di mora che decorreranno dal giorno immediatamente successivo alla data di scadenza del debito. Tali interessi saranno calcolati maggiorando ai sensi del decreto legislativo n. 231/2002. A discrezione delle Rubinetterie 3M Srl, il mancato rispetto dei termini di pagamento pattuiti può comportare la sospensione di eventuali forniture in corso anche se già concordate. Qualunque contestazione non autorizza il Compratore alla sospensione dei pagamenti. Le spedizioni di importo inferiore a € 100,00 (cento/00) saranno inviate esclusivamente in contrassegno. Per le fatture inferiori a € 250,00 sarà emessa un'unica ri.ba. con la scadenza più breve a quella in uso.

5.2 Ove le Parti abbiano pattuito il pagamento posticipato, questo dovrà essere effettuato in assenza di diversa specificazione, entro 30 gg. dalla data della fattura, mediante bonifico bancario. Si considera effettuato il pagamento quando la somma entra nella disponibilità del Venditore presso la sua banca. Ove sia stato previsto che il pagamento debba essere accompagnato da una garanzia bancaria, il Compratore dovrà mettere a disposizione almeno 30 giorni prima della data di consegna, una garanzia bancaria a prima domanda, emessa conformemente alle Norme Uniformi per le Garanzie della CCI da primaria banca italiana e pagabile contro semplice dichiarazione del Venditore di non aver ricevuto il pagamento entro i termini pattuiti.

5.3 Ove le parti abbiano concordato il pagamento anticipato senza ulteriori indicazioni, si presume che il pagamento anticipato si riferisca all'intero prezzo. Salvo diverso accordo, il pagamento anticipato dovrà essere accreditato sul conto del venditore almeno 30 giorni prima della data di consegna convenuta.

5.4 Ove le Parti abbiano pattuito il pagamento mediante credito documentario, il Compratore dovrà, salvo diverso accordo, curare che un credito documentario irrevocabile, emesso conformemente alle Norme ed Usi uniformi della CCI relativi ai Crediti documentari, venga notificato al Venditore almeno 30 giorni prima della data di consegna convenuta. Salvo diverso accordo, il credito documentario dovrà essere confermato da una banca italiana gradita al Venditore e dovrà essere pagabile a vista.

5.5 Ove le Parti abbiano convenuto il pagamento contro documenti, il pagamento avverrà, salvo diverso accordo, Documenti contro Pagamento.

5.6 Salvo diverso accordo, eventuali spese e commissioni bancarie dovute, in relazione al pagamento, saranno a carico del Compratore.

art. 6 Termini di consegna

6.1 Qualora il Venditore preveda di non essere in grado di consegnare i Prodotti alla data pattuita per la consegna, egli dovrà avvisarne tempestivamente il Compratore per iscritto anche per via telematica, indicando ove possibile, la data di consegna prevista. E' inteso che ove il ritardo imputabile al Venditore superi le 9 settimane, il Compratore potrà risolvere il Contratto relativamente ai Prodotti di cui la consegna è ritardata con un preavviso di 10 giorni, da comunicarsi per iscritto al Venditore.

6.2 Non si considera imputabile al Venditore l'eventuale ritardo dovuto a cause di forza maggiore (come definite dall'art.10) o ad atti od omissioni del Compratore (ad es. mancata comunicazione di indicazioni necessarie per la fornitura dei prodotti).

6.3 In caso di ritardo nella consegna imputabile al Venditore, il Compratore potrà richiedere, previa messa in mora del Venditore, il risarcimento del danno effettivo da lui dimostrato, entro il limite massimo del 5% del prezzo dei Prodotti consegnati in ritardo.

6.4 Salvo il caso di dolo o colpa grave del Venditore, il pagamento delle somme indicate all'art. 6.3 esclude qualsiasi ulteriore risarcimento del danno per mancata o ritardata consegna dei prodotti.

art. 7 Resa e spedizione - reclami

7.1 Salvo patto contrario, la fornitura della merce s'intende Franco Fabbrica e ciò anche quando vi sia convenuto che la spedizione o parte di essa venga curata dal Venditore.

7.2 Non si accettano merci di ritorno se non rese in Franco Fabbrica c/o nostro magazzino e solo dopo l'autorizzazione preventiva delle Rubinetterie 3M Srl. I prodotti devono essere contenuti perfettamente nel loro imballo e protetti in scatole. Rubinetterie 3M Srl non risponde per danneggiamenti della merce durante il trasporto del vettore al nostro magazzino dovuti ad imballaggi inadeguati. Il materiale reso ricevuto sarà sottoposto ad un attento controllo di qualità e, se lo stesso dovesse risultare difettoso e il difetto imputabile alle Rubinetterie 3M Srl, si provvederà alla sostituzione. Per il materiale ricevuto incompleto, danneggiato o non debitamente imballato nessun indennizzo sarà dovuto e si procederà ad addebitare le spese sostenute per i controlli effettuati. In questo caso il materiale con difetti non imputabili alle Rubinetterie 3M Srl resta a disposizione del cliente nel nostro magazzino per un tempo massimo di 30 giorni, trascorsi i quali sarà automaticamente eliminato in fonderia senza ulteriore avviso. Rubinetterie 3M Srl non si assume alcuna responsabilità per difetti derivati dalla manomissione dei propri prodotti e per danni derivati dal montaggio di materiale difettoso.

7.3 . E' inteso che i costi diretti della restituzione dei Prodotti per cause non imputabili al Venditore , così come i rischi del trasporto, sono a carico del Compratore. La detrazione massima legata alla restituzione dei beni ancora inscatolati ed integri oggetto della vendita è stimato essere pari al 15%. La detrazione effettiva della restituzione sarà comunque legata alle modalità di restituzione prescelte dal Compratore stesso (ad esempio il vettore o la tipologia di spedizione scelta); Consigliamo di imballare con cura la merce da restituire e di utilizzare per la spedizione un corriere o altro mezzo idoneo a permettere la rintracciabilità della spedizione. E' altresì utile assicurare la merce spedita in quanto non sarà possibile ottenere alcun rimborso qualora per qualsiasi motivo non pervenga la relativa consegna del reso.

7.4 Eventuali reclami relativi allo stato dell'imballo, quantità, numero o caratteristiche esteriori dei Prodotti (vizi apparenti), dovranno essere notificati al Venditore mediante lettera raccomandata RR, a pena di decadenza, entro sette giorni dalla data della scoperta del difetto. Qualora la denuncia non venga comunicata entro il predetto termine, i prodotti consegnati vengono considerati come conformi a quelli ordinati dal Cliente.

7.5 E' inteso che eventuali reclami o contestazioni non danno diritto al Compratore di sospendere o comunque ritardare i pagamenti dei Prodotti oggetto di contestazione, né tanto meno, di altre forniture.

art.8 Garanzia per vizi

8.1 Rubinetterie 3M S.r.l. si impegna a porre rimedio a qualsiasi vizio, mancanza di qualità o difetto di conformità dei Prodotti a lui imputabile, purché lo stesso gli sia stato notificato tempestivamente in conformità all'art. 7.4. Il Venditore potrà scegliere se riparare o sostituire i Prodotti risultati difettosi. I Prodotti sostituiti o riparati in garanzia saranno soggetti alla medesima garanzia per un periodo di sei mesi a partire dalla data della riparazione o sostituzione.

8.1.2 Le Rubinetterie 3M Srl garantisce tutti i suoi prodotti da difetti di fabbricazione come sotto specificato:

1) Garanzia di 15 anni sulla finitura cromato, inox, e per difetti di fusione o porosità.
2) Garanzia di 15 anni sulla finitura cromato e per difetti di fusione o porosità.
3) Garanzia di 10 anni per difetti su cartucce e vitoni (si ricorda che l'usura di questi componenti è strettamente legata alla qualità dell'acqua).
4) Garanzia di 2 anni sulle finiture diverse dal cromato.

Per potere usufruire della garanzia si raccomanda di conservare lo scontrino o altro documento fiscale comprovante la data di acquisto e di allegarlo al tagliando di garanzia. La garanzia da diritto alla sostituzione gratuita di quelle parti che, per evidente difetto di fabbricazione, determinassero l'irregolare funzionamento del prodotto, sempre che ciò non dipenda da incuria, cadute o urti, negligenza d'uso, errata manutenzione, manomissione, istallazione non corretta, interventi di persone non qualificate o da cause di forza maggiore. E' assolutamente necessario montare a monte della rubinetteria filtri e addolcitori. Il mancato rispetto di queste condizioni provoca l'immediata decadenza delle garanzia stessa. La garanzia esclude qualsiasi nostra responsabilità per tutte le conseguenze derivanti da un impiego improprio, da un'istallazione non corretta dei nostri materiali, da una errata manutenzione o incuria del prodotto (vedi sotto "consigli per la cura del prodotto").

Rubinetterie 3M Srl non riconosce nessun risarcimento per la sostituzione degli articoli difettosi.

8.2 Il Venditore non garantisce la rispondenza dei Prodotti a particolari specifiche o caratteristiche tecniche o la loro idoneità ad usi particolari se non nella misura in cui tali caratteristiche siano state espressamente convenute nel contratto o in documenti richiamati a tal fine dal Contratto stesso.

8.3 Salvo il caso di dolo o colpa grave, il Venditore sarà tenuto, in caso di vizi, mancanza di qualità o difetto di conformità dei prodotti, unicamente alla riparazione degli stessi o alla fornitura di Prodotti in sostituzione di quelli difettosi. E' inteso che la suddetta garanzia (consistente nell'obbligo di riparare o sostituire i prodotti) è assorbente e sostitutiva delle garanzie o responsabilità previste per legge, ed esclude ogni altra responsabilità del Venditore (sia contrattuale che extracontrattuale) comunque originata dai Prodotti forniti (ad es. risarcimento del danno, mancato guadagno, campagne di ritiro, ecc.).

art. 9 Riserva di proprietà

E' convenuto che i prodotti consegnati restano di proprietà del Venditore fino a quando non sia pervenuto a quest'ultimo il completo pagamento.

La riserva di proprietà si estende ai Prodotti venduti dal Compratore a terzi ed al prezzo di tali vendite, entro i limiti massimi previsti dalla legge del paese del Compratore che regola la presente clausola.

art. 10 Forza Maggiore

10.1 Ciascuna parte potrà sospendere l'esecuzione dei suoi obblighi contrattuali quando tale esecuzione sia resa impossibile o irragionevolmente onerosa da un impedimento imprevedibile indipendente dalla sua volontà quale ad es. sciopero, boicottaggio, serrata, incendio, guerra (dichiara o non), guerra civile, sommosse e rivoluzioni, requisizioni, embargo, interruzioni di energia, ritardi nella consegna di componenti o materie prime.

10.2 La parte che desidera avvalersi della presente clausola dovrà comunicare immediatamente per iscritto all'altra parte il verificarsi e la cessazione delle circostanze di forza maggiore.

10.3 Qualora la sospensione dovuta a forza maggiore duri più di sei settimane, ciascuna parte avrà il diritto di risolvere il presente contratto, previo un preavviso di 10 giorni, da comunicarsi alla controparte per iscritto.

art. 11 Foro competente

Per qualsiasi controversia derivante dal presente contratto o collegata allo stesso sarà esclusivamente competente il Foro di Siena.

Qualora il Compratore risieda in un Paese Extra UE, tutte le controversie derivanti dal presente contratto o in relazione ad esso saranno risolte in via definitiva secondo il Regolamento d'arbitrato della Camera di Commercio di Firenze o più arbitri nominati in conformità di detto regolamento.

art. 12 Varie

L'eventuale inefficacia di una clausola delle presenti condizioni o di successivi accordi integrativi non comporterà l'invalidità delle altre condizioni. Le parti concorderanno una clausola sostitutiva che ne rifletta il più possibile l'intento economico.

art. 13 Legge applicabile

Le presenti condizioni di acquisto sono regolate esclusivamente dalle leggi della Repubblica Italiana. E' esclusa l'applicazione della convenzione dell'AIA relativa al diritto uniforme sulla vendita internazionale delle merci, della Convenzione delle Nazioni Unite sui contratti per la vendita internazionali delle merci o di altre convenzioni relative alla legge applicabile alla vendita.

art. 14 Formazione del consenso

Le parti si danno reciprocamente atto che ogni singola previsione del presente contratto è stata dalle medesime ampiamente discusse ed approvata specificamente, così come ogni singolo punto e articolo.

art. 15 Trattamento dati personali

Le parti si danno reciprocamente atto di adempiere a tutti gli obblighi derivanti dal nuovo Regolamento Europeo in materia di protezione dei dati personali (GDPR 679/2016) Con l'ordine di acquisto e/o effettuando la registrazione sul Sito web della Società, il Compratore esprime il consenso al trattamento dei dati personali, ai sensi degli artt. 13 e 14 GDPR - Regolamento (UE) 2016/679, previa visione della specifica informativa disponibile in versione estesa sul Sito. Il trattamento, la conservazione, la trasmissione dei dati personali avviene con l'osservanza di ogni misura cautelativa, che ne garantisce la sicurezza e la riservatezza, in conformità a quanto previsto dal GDPR, al solo scopo di poter efficacemente adempiere agli obblighi previsti dalle norme di legge, civilistiche e fiscali connessi all'attività economica dell'azienda ivi compresa la gestione d'incassi e pagamenti derivanti dall'esecuzione dei contratti.

RICAMBI

Si raccomanda sempre l'uso di ricambi originali Rubinetterie 3M richiedibili presso tutti i nostri punti vendita.

GENERAL CONDITIONS OF SALE

art. 1 General provisions

1.1 The supplies and contractual relationship between Rubinetterie 3M S.r.l. hereon - Seller - and the Customer - hereon Purchaser- are governed by these general conditions of sale.
1.2 Any exemptions or additions to these conditions (to be intended as specific conditions) must be agreed in writing by the parties and are intended as accepted only if stated on the order confirmation. In the event of contradiction, the special conditions prevail.
1.3 These general conditions of sale are also valid for international sales: it is agreed that any reference to trading terms (such as EXW, CIP, etc.) in the current text on the date of stipulation of the contract, is to be considered as a recall to the Incoterms of the International Chamber of Commerce.

art. 2 Modifications

The Seller reserves the right to make modifications to the Products, which he deems necessary and appropriate, without altering the essential features of the Products themselves.

art. 3 Orders and their modifications

3.1 Orders, contracts and delivery or supply requests and also modifications or additions to the same, must all be in writing.
3.2 The validity of any verbal agreements, including amendments and integrations to these purchase conditions, is subject to the mandatory written confirmation by Rubinetterie 3M s.r.l.
3.3 Written communications received via fax or via e-mail will also be considered as confirmation.
3.4 If the Seller gains knowledge of protests, seizures, foreclosures and detrimental acts in general concerning the Purchaser after the order has been confirmed, or it becomes common knowledge that the Purchaser has financial difficulties, at his own choice the Seller can suspend the contract and demand particular guarantees or terminate the contract via registered letter with acknowledgement of receipt, owing to non-fulfilment by the Purchaser, in compliance with art. 1456 of the Italian Civil Code.

art. 4 Prices

4.1 Where not specified, the sales price is that on the Seller's price list, excluding VAT, in force at the time of conclusion of the contract. Whenever the Purchaser decides not to receive the products on the date agreed for preparation and delivery or the preparation and effective delivery have not been possible for reasons independent to the will of the Seller, if not already envisioned in the order, the prices will be subject to variations of the Rubinetterie 3M S.r.l. price list. They will also be subject to changes in costs of the materials and labour supervening from the time of preparation of the products until they are picked-up by the customer or the delivery is accepted. Taxes, duties, expenses relative to the issue of bank drafts or any regularization of the contract are at the Purchaser's expense.
4.2 Unless otherwise agreed, prices are intended for Products packed according to the uses of the sector, in relation to the means of transport agreed, returns ex-works. It is agreed that any other cost or charge shall be at the Purchaser's expense.

art. 5 Conditions of payment

5.1 Payments must be made directly to Rubinetterie 3M Srl within the terms agreed, after which Rubinetterie 3M Srl will charge interest on arrears starting immediately from the day after the date that the debt expired, without any forewarning. This interest will be calculated with increasing in compliance with Legislative Decree n. 231/2002. At the discretion of Rubinetterie 3M Srl, the failure to respect the payment terms agreed can lead to the suspension of any supplies in progress, even if already agreed. No controversy authorises the Purchaser to suspend payments. The deliveries for amounts less than € 100.00 (one hundred/00) will be sent exclusively with cash on delivery. A unique cash order will be issued for invoices less than 250.00, with shorter expiry than that in use.
5.2 Where the parties have agreed to deferred payment, unless otherwise specified, this must be paid by bank transfer, within 30 days from the date of the invoice. Payment is considered when the amount is available to the Seller in his bank account. Where it has been envisioned that payment must be accompanied by a bank guarantee, at least 30 days before the date of delivery, the Purchaser must make a first demand bank guarantee available, issued in compliance with the ICC Uniform Customs for Guarantees by a Primary Italian Bank and payable against a simple declaration of the Seller that he has not received payment within the terms agreed.
5.3 If the parties have agreed on payment in advance, without further indications, it will be assumed that such advance payment refers to the full price. Unless otherwise agreed, the advance payment must be paid into the Seller's account at least 30 days before the agreed delivery date.
5.4 Where the parties have agreed on payment via documentary credit, unless otherwise agreed, the Purchaser must make sure that irrevocable documentary credit, issued in compliance with ICC Uniform Customs and Practices for Documentary Credits, is communicated to the Seller at least 30 days before the agreed delivery date. Unless otherwise agreed, the documentary credit must be confirmed by an Italian Bank acceptable to the Seller and must be payable on demand.
5.5 Where the parties have agreed payment against documents, unless otherwise agreed, payment will be Documents against Payment.
5.6 Unless otherwise agreed, any expenses or bank commissions due with respect to the payment will be under the Purchaser's responsibility.

art. 6 Terms of delivery

6.1 Whenever the Seller envisions that he cannot deliver the Products on the day agreed, the Purchaser shall be immediately informed of any delays in writing, also via e-mail, where possible indicating the envisioned delivery date. It is agreed that where a delay attributable to the Seller lasts more than 9 weeks, the Purchaser can terminate the contract relative to the Products subject of the delayed delivery with forewarning of 10 days, of which the Seller must be informed in writing.
6.2 Any delays due to Acts of God (as defined in art.10) or acts or omissions by the Purchaser (e.g. no communication of indications necessary to supply the products) are not considered attributable to the Seller.
6.3 In the event of delayed delivery attributable to the Seller, the Purchaser can request, after placing the Seller in default, compensation for the effective damage he demonstrates, within the maximum limit of 5% of the price of the Products delivered late.
6.4 Except in the case of fraud or gross negligence by the Seller, the payment of the amounts indicated in art. 6.3 excludes any further compensation for damage due to no or delayed delivery of the products.

art. 7 Returns and shipment - claims

7.1 Unless otherwise agreed, the supply of the goods will be Ex Works and also when it is agreed that the Seller will organise shipment, in whole or in part.
7.2 Returned goods are not accepted if not returned ex-works c/o our warehouse and only after previous authorisation from Rubinetterie 3M Srl. The products must be perfectly contained inside their packaging and protected in boxes. Rubinetterie 3M Srl is not liable for damage to goods during transport via carrier to our warehouse owing to inadequate packaging. The returned material received will undergo thorough quality control and, if it should result faulty and the fault is attributable to Rubinetterie 3M Srl, it will be replaced. No compensation will be due for material received incomplete or not duly packaged and the expenses sustained for the checks performed will be charged. In this case, the material with faults not attributable to Rubinetterie 3M Srl remains at the customer's disposal in our warehouse for a maximum of 30 days, after which it will be automatically eliminated in the foundry without further warning. Rubinetterie 3M Srl is not liable for any faults deriving from tampering with the products and for damage resulting from the assembly of faulty material.
7.3 . It shall be understood that the direct costs of returning the Products for reasons not attributable to the Seller, as well as the transport risks, shall be borne by the Buyer. The maximum deduction related to the return of the still boxed and intact goods that form the object of the sale is estimated as equal to 15%. The actual deduction of the return will however be linked to the return methods chosen by the Buyer (for example the carrier or the type of shipping chosen); We recommend that the goods to be returned are carefully packed and that a courier or other suitable means that allow tracking of the shipment are used for shipping. Furthermore, insurance of the goods shipped is useful, as a refund cannot be obtained if, for any reason, we do not receive the delivery of the returned product.
7.4 It is agreed that any complaints or controversies do not give the Purchaser the right to suspend or delay payments of the Products, subject of the controversy, as well as payment of any other supplies.

art. 8 Warranty for defects

8.1 Rubinetterie 3M S.r.l. commits to solving any defect, lack of quality or non-conformity of the products, which can be attributed to the same, as long as notice is given immediately in compliance with art. 7.3.

The Seller will decide whether to repair or replace the Products shown to be faulty. The Products repaired or replaced under warranty will be subject to the same warranty for a period of 6 months, starting from the date of repair or replacement.

8.1.2 Rubinetterie 3M Srl guarantees all of its products from manufacturing defects as specified below:

1) 15 years warranty for chrome finishing, stainless steel, for casting or porosity defect.
2) 15 years warranty for chrome finishing , for casting or porosity defect.
3) 10 year warranty for defects on cartridges and screws (remember that the wear of these components is closely linked with the quality of the water).
4) 2 year warranty for non- chrome plated finishings.

In order to make use of the warranty, it is advised to keep the receipt or other fiscal document and attach it to the warranty coupon, as this proves the date of purchase.

The warranty gives the right for free replacement of those parts which, for obvious manufacturing defaults, could determine incorrect operation of the product, always as long as this does not depend on carelessness, falls or blows, negligent use, incorrect maintenance, tampering, incorrect installation, interventions by unqualified staff or due to force majeure. Filters and softeners must be mounted upstream from the tap fittings. Failure to comply with these conditions causes the warranty to become immediately null and void. The warranty excludes any liability of the company for all consequences deriving from improper use, incorrect installation of our materials, incorrect maintenance or indifference to the product (see “recommendations for care of the product” below). Rubinetterie 3M Srl does not acknowledge any compensation for the replacement of faulty articles.

8.2 The Seller does not guarantee compliance of the Products to special specifications or technical features or their suitability for particular uses except to the extent that such features have been expressly agreed in the contract or documents recalled by the contract itself for that purpose.

8.3 Except in the case of fraud or gross negligence, in the event of defects, lack of quality or non-conformity of the products, the Seller is only obliged to repair or replace the faulty products. It is intended that the above-mentioned warranty (consisting in the obligation to repair or replace the Products) includes and replaces the warranties or responsibility envisioned by Law, and excludes any other responsibility of the Seller (whether contractual or non-contractual) however originating from Products supplied (e.g. compensation for damages, loss of earnings, recall campaigns, etc.).

art. 9 Retention of Title

It is agreed that the Products delivered remain the Seller’s property until the afore-said have been paid for in full. The retention of title extends to the Products sold by the Purchaser to third parties and to the price of these sales, within the maximum limits envisioned by the Law in the Purchaser’s country, which governs this clause.

art. 10 Force Majeure

10.1 Each party can suspend the execution of its contractual obligations when the same is made impossible or unreasonably hard due to unforeseeable events beyond his control such as: strikes, boycotts, lock-outs, fires, war (declared or not), civil war, riots and revolutions, requisitions, embargos, energy black-outs, delays in delivery of components or raw materials.

10.2 The party wishing to make use of this clause, must inform the other party immediately in writing of the occurrence and end of the circumstances of the Force Majeure.

10.3 Whenever the suspension due to Force Majeure lasts more than six weeks, both parties will have the right to terminate this contract, after forewarning of 10 days, to be communicated in writing to the counter-party.

art. 11 Jurisdiction

Any dispute deriving from this contract or connected to the same shall be of exclusive competence of the Court of Siena. Whenever the Purchaser resides in an Extra EU Country, all disputes arising from this contract or in relation to it, will be resolved definitively according to the Rules of arbitration of the Chamber of Commerce of Florence or by several arbitrators appointed in compliance with said rules.

art. 12 Various

Any ineffectiveness of a clause of these conditions or successive integrated agreements will not lead to the other conditions becoming null and void. The parties will make an agreement on a replacement clause, which reflects the economical intent as much as possible.

art. 13 Applicable Law

These purchase conditions are governed exclusively by the Law of the Italian Republic. The application of the Hague convention relative to uniform law regarding the international sale of goods, the United Nations convention regarding contracts for the international sale of goods or other conventions relative to the laws applicable to sales is excluded.

art. 14 Forming consent

The parties mutually acknowledge that each individual forecast of this contract has been widely discussed and approved specifically by the same, just as each individual point and article.

art. 15 Protection of Personal Data

The parties mutually agree to fulfil all the obligations arising from the new European Regulation on the protection of personal data (GDPR 679/2016) With the purchase order and/or by registering on the Company’s Website, the Buyer expresses his or her consent to the processing of personal data, pursuant to articles 13 and 14 of the GDPR - Regulation (EU) 2016/679, after having read the full version of the specific information notice available on the Site. The processing, storage and transmission of personal data is carried out in compliance with every precautionary measure, which guarantees their security and confidentiality, in compliance with the provisions of the GDPR, for the sole purpose of being able to effectively fulfil the obligations required by legal, civil and tax laws related to the economic activity of the company, including the management of receipts and payments arising from the performance of contracts.

CARE OF THE PRODUCT: See page 808

SPARE PARTS

Always use Rubinetterie 3M original spare parts, which can be requested from our points of sale.

CONDITIONS GÉNÉRALES DE VENTE

art. 1 Dispositions générales
1.1 Les fournitures et les relations contractuelles entre la société Rubinetterie 3M S.r.l., par la suite appelée - Vendeur - et l'Acquéreur, par la suite appelé - Acheteur - sont régies par les présentes conditions générales de vente.
1.2 Les dérogations ou ajouts éventuels aux présentes conditions (à savoir, les conditions spécifiques) doivent faire l'objet d'un accord écrit stipulé entre les parties et seront acceptables uniquement si elles figurent dans la confirmation de commande. En cas de contradiction, les conditions spéciales prévaudront.
1.3 Les présentes conditions générales de vente sont également valables dans le cadre de ventes internationales : il reste entendu que toute référence à des termes commerciaux (tels que EXW, CIP, etc.), doit être considérée conformément aux Incoterms de la Chambre de Commerce Internationale, dans le texte en vigueur à la date de la stipulation du contrat.

art. 2 Modifications
Le Vendeur se réserve le droit d'apporter des modifications aux Produits sans en altérer les caractéristiques essentielles, si cela s'avère nécessaire ou approprié.

art. 3 Commandes et modification de commande
3.1 Les commandes, contrats et demandes de livraison ou de fourniture, au même titre que les modifications et les ajouts, doivent être formulés par écrit.
3.2 La validité des éventuels accords verbaux, incluant les modifications et intégrations des présentes conditions de vente, est subordonnée à la confirmation péremptoire écrite de Rubinetterie 3M s.r.l..
3.3 Les confirmations écrites comprennent également les communications parvenues par fax ou par voie télématique.
3.4 Si, suite à une confirmation de commande, le Vendeur vient à connaissance de protestations, séquestres, saisies et, de façon générale, de l'existence d'actes préjudiciables à la charge de l'acheteur, ou s'il devient notoire que l'acheteur se trouve en difficultés financières, le vendeur pourra, au choix, suspendre le contrat et exiger des garanties particulières, ou résilier le contrat pour non-exécution de l'Acheteur, conformément à l'article 1456 du Code civil, sur communication envoyée par lettre recommandée AR.

art. 4 Prix
4.1 Le prix de vente, lorsqu'il n'est pas spécifié, correspond au prix hors TVA figurant dans le listing du Vendeur en vigueur à la date de l'établissement du contrat. Si les produits ne sont pas reçus par l'Acheteur à la date prévue de mise au point ou de livraison, ou si la mise au point ou la livraison ne peuvent avoir lieu pour des raisons indépendantes de la volonté du Vendeur, les prix, si non déjà prévus dans la commande, seront soumis aux variations du listing de Rubinetterie 3M S.r.l. et, dans tous les cas, aux variations des coûts des matériaux et de la main-d'œuvre applicables à compter du moment de la préparation des produits jusqu'à leur retrait par le client ou à l'acceptation de la livraison. Les taxes, impôts et frais relatifs à l'exécution d'opérations bancaires ou à l'éventuelle régularisation du contrat sont à la charge de l'Acheteur.
4.2 Sauf accord contraire, les prix sont fournis pour les Produits emballés conformément aux usages du secteur et en fonction du moyen de transport utilisé, en sortie d'usine, restant entendu que tout autre frais ou charge sera à la charge de l'Acheteur.

art. 5 Conditions de paiement
5.1 Les paiements doivent être effectués directement à Rubinetterie 3M Srl, dans les délais accordés. Ces délais écoulés, Rubinetterie 3M Srl procèdera sans préavis à l'application des intérêts de retard à compter du jour suivant la date d'échéance du paiement. Ces intérêts seront calculés de façon croissante conformément au décret législatif n° 231/2002. A discrétion de Rubinetterie 3M Srl, le non-respect des délais de paiement établis pourra comporter la suspension des éventuelles livraisons en cours même si celles-ci ont déjà fait l'objet d'un accord. Les contestations, de tout type, n'autorisent pas l'Acheteur à suspendre les paiements. Les envois d'un montant inférieur à 100,00 € (cent/00) seront exclusivement effectués en contre-remboursement. Pour les factures inférieures à 250,00 €, il sera procédé au paiement par ordre d'encaissement avec une échéance plus courte que celle normalement appliquée.
5.2 Si les Parties ont négocié un paiement différé, celui devra, sauf accord contraire, être effectué par virement bancaire, dans un délai de 30 jours à compter de la date de la facture. Le paiement sera considéré effectué lorsque la somme sera effectivement disponible auprès de la banque du Vendeur. Lorsqu'il est prévu que le paiement soit accompagné d'une garantie bancaire, l'Acheteur devra fournir, au minimum 30 jours avant la date de livraison, une garantie bancaire à première demande, émise conformément aux Règles uniformes relatives aux garanties de la CCI par une des principales banques italiennes et payable sur simple déclaration du Vendeur affirmant la non-réception du paiement dans les délais fixés.
5.3 Si les parties ont négocié un paiement anticipé sans indications supplémentaires, il est présumé que le paiement anticipé concerne l'intégralité du montant du prix. Sauf accord contraire, le paiement anticipé devra être crédité sur le compte du Vendeur au moins 30 jours avant la date de livraison établie.
5.4 Si les Parties ont négocié un paiement par crédit documentaire, l'Acheteur devra, sauf accord contraire, s'assurer que le crédit documentaire irrévocable, émis conformément aux Règles et usages uniformes de la CCI relatifs aux crédits documentaires, soit notifié au Vendeur au moins 30 jours avant la date de livraison établie. Sauf accord contraire, le crédit documentaire devra être confirmé par une banque italienne acceptable par le Vendeur et devra être payable à vue.
5.5 Si les Parties ont convenu un paiement contre documents, le paiement sera effectué, sauf accord contraire, Documents contre Paiement.
5.6 Sauf accord contraire, les éventuels frais et commissions bancaires dus dans le cadre du paiement seront à la charge de l'Acheteur.

art. 6 Délais de livraison
6.1 Si le Vendeur prévoit de ne pas être en mesure de livrer les Produits à la date de livraison fixée, il devra en avertir l'Acheteur dans les plus brefs délais par écrit, également par voie télématique, en indiquant si possible, la prochaine date de livraison prévue. Il reste entendu que si le retard imputable au Vendeur dépasse une période de 9 semaines, l'Acheteur pourra résilier le Contrat relatif aux Produits objet du retard de livraison sur préavis de 10 jours à notifier au Vendeur par écrit.
6.2 Le Vendeur ne saura être retenu responsable de l'éventuel retard dû à un cas de force majeure (comme défini dans l'article 10) ou à des actes ou omissions de l'Acheteur (par exemple, informations manquantes nécessaires à la livraison des produits).
6.3 En cas de retard de livraison imputable au Vendeur, l'Acheteur pourra demander, avec mise en demeure préalable du Vendeur, l'indemnisation du dommage effectif subi dans une limite maximum de 5% du prix des Produits livrés en retard.
6.4 Sauf cas de faute volontaire ou faute grave du Vendeur, le paiement des sommes indiquées à l'article 6.3 exclut toute indemnisation supplémentaire du dommage en cas de manque ou de retard de livraison des produits.

art. 7 Renvoi et expédition - réclamations
7.1 Sauf accord contraire, la fourniture de la marchandise est entendue en sortie d'usine, ce également lorsque l'expédition ou partie de celle-ci relève, sur accord entre les Parties, du Vendeur.
7.2 Aucun retour de marchandises ne sera accepté s'il n'est pas effectué directement à l'usine, à notre entrepôt, et uniquement sur autorisation préalable de Rubinetterie 3M Srl. Les produits doivent être parfaitement contenus dans leur emballage et protégés dans des boîtes. Rubinetterie 3M Srl ne répond pas de dommages sur la marchandise ayant eu lieu durant le transport par le transporteur vers notre entrepôt, en raison d'emballages inadéquats. Le matériel rendu et reçu sera soumis à un contrôle qualité attentif et, si le produit résulte défectueux avec défaut imputable à Rubinetterie 3M Srl, ce dernier sera remplacé. Concernant le matériel reçu incomplet, endommagé ou non correctement emballé, aucune indemnisation ne sera reconnue et les frais relatifs aux contrôles effectués seront facturés au client. Dans ce cas, le matériel présentant des défauts non imputables à Rubinetteries 3M Srl restera à disposition du client dans notre entrepôt pour une durée maximum de 30 jours. Ce délai écoulé, le matériel sera automatiquement éliminé en fonderie sans autre avis. Rubinetterie 3M Srl n'assume aucune responsabilité en cas de défauts générés par l'altération de ses produits, ni en cas de dommages provoqués par un montage de matériel défectueux.
7.3 . Il est entendu que les coûts directs de retour des Produits pour des raisons non imputables au Vendeur, ainsi que les risques du transport, sont à la charge de l'Acheteur. La déduction maximale liée au retour des biens encore emballés dans des cartons et intacts faisant l'objet de la vente est estimée à 15 %. La déduction effective du retour sera en tout état de cause liée au mode de retour choisi par l'Acheteur (par exemple, le transporteur ou le type d'envoi choisi) ; Nous recommandons d'emballer soigneusement les marchandises à retourner et d'utiliser un service de courrier ou tout autre moyen approprié pour permettre le suivi de l'expédition. Il est également utile d'assurer les marchandises expédiées car il ne sera pas possible d'obtenir un remboursement si pour une raison quelconque la livraison relative du retour n'est pas reçue.
7.4 Il reste entendu que les éventuelles réclamations ou contestations ne donnent pas droit à l'Acheteur de suspendre ou de différer les paiements des Produits objet de la contestation, ni, encore moins, ceux relatifs à d'autres fournitures.

art. 8 Garantie pour vices

8.1 Rubinetterie 3M S.r.l. s'engage à remédier à tout vice, défaut de qualité ou défaut de conformité des Produits lui étant imputables, si ces derniers lui ont été communiqués rapidement conformément à l'article 7.3. Le Vendeur pourra choisir de réparer ou de remplacer les Produits résultant défectueux. Les Produits remplacés ou réparés sous garantie seront soumis à cette même garantie pendant une période de six mois à compter de la date de la réparation ou du remplacement.

8.1.2 Rubinetterie 3M Srl garantit tous ses produits contre les défauts de fabrication conformément à ce qui suit :

1) Garantie de 15 ans pour la finition acier inox, pour défauts de fusion ou de porosité.
2) Garantie de 15 ans pour la finition chromée, pour défauts de fusion ou de porosité.
3) Garantie de 10 ans pour défauts sur cartouches et grosses vis (il est rappelé que l'usure de ces composants dépend étroitement de la qualité de l'eau).
4) Garantie de 2 ans sur les différentes finitions du chromé.

Afin de pouvoir bénéficier de la garantie, il est recommandé de conserver le ticket de caisse ou tout autre document officiel prouvant la date d'achat et de le joindre au coupon de garantie. La garantie donne droit au remplacement gratuit des parties qui, en raison d'un défaut de fabrication évident, provoquent le fonctionnement irrégulier du produit, toujours dans la mesure où cela n'est pas dû à un manque de soin, chutes ou chocs, négligence d'usage, entretien erroné, altération, installation incorrecte, interventions de personnes non qualifiées ou cas de force majeure. Il est absolument nécessaire d'installer des filtres et adoucisseurs en amont de la robinetterie. Le non-respect de ces conditions impliquera l'annulation immédiate de la garantie. La garantie exclut notre responsabilité pour toute conséquence générée par un usage impropre, une installation incorrecte de nos équipements, un mauvais entretien ou un manque de soin apporté au produit (vois ci-dessous « conseils d'entretien du produit »).

Rubinetterie 3M Srl ne reconnaîtra aucune indemnisation en cas de remplacement d'articles défectueux.

8.2 Le Vendeur ne garantit pas la correspondance des Produits aux spécificités ou caractéristiques techniques particulières ni leur aptitude à des usages particuliers si ces caractéristiques n'ont pas été expressément convenues dans le contrat ou dans des documents spécialement rappelés dans ce but dans le Contrat.

8.3 Sauf cas de faute volontaire ou de faute grave, le Vendeur sera tenu, en cas de vices, défaut de qualité ou défaut de conformité des produits, à la seule réparation de ces derniers ou à la fourniture de Produits en remplacement de ceux défectueux. Il est entendu que la précédente garantie (consistant dans l'obligation de réparer ou de remplacer les produits) absorbe et remplace les garanties ou responsabilités prévues par la loi, et exclut tout autre responsabilité du Vendeur (contractuelles ou hors contrat) dans tous les cas, générée par les Produits fournis (ex : indemnisation du dommage, manque à gagner, campagnes de retrait, etc.).

art. 9 Réserve de propriété.

Il est convenu que les produits livrés restent la propriété du Vendeur jusqu'à leur paiement total. La réserve de propriété s'étend aux Produits vendus à des tiers par l'Acheteur au prix de vente appliqué à ces derniers, dans les limites maximum prévues par la loi du pays de l'Acheteur régissant la présente clause.

art. 10 Force majeure

10.1 Chaque partie pourra suspendre l'exécution de ses obligations contractuelles si ladite exécution est rendue impossible ou déraisonnablement onéreuse par un empêchement imprévisible indépendant de sa volonté à savoir, grève, boycottage, fermeture, incendie, guerre (déclarée ou non), guerre civile, soulèvements et révolutions, réquisitions, embargo, interruptions d'énergie, retard de livraison des composants ou matières premières.

10.2 La partie désireuse de faire valoir la présente clause devra communiquer immédiatement et par écrit à l'autre partie la présence ou la cessation de circonstances de force majeure.

10.3 Si la suspension due à un cas de force majeure devait durer plus de six semaines, les parties auront le droit de résilier le présent contrat, avec préavis de 10 jours, à fournir par écrit à la partie adverse.

art. 11 Tribunal compétent

Pour toute controverse dérivant du présent contrat ou en relation avec celui-ci, seul le tribunal de Sienne sera retenu compétent. Si l'Acheteur réside dans un Pays hors de l'Union européenne, toutes les controverses dérivant du présent contrat ou en relation avec celui-ci seront résolues par voie définitive conformément au Règlement d'arbitrage de la Chambre de Commerce de Florence ou par plusieurs arbitres nommés en conformité avec ce règlement.

art. 12 Divers

L'éventuelle inefficacité d'une clause des présentes conditions ou accords complémentaires successifs, ne comportera pas l'invalidité des autres conditions. Les parties fixeront une clause substitutive reflétant le plus possible l'intention économique.

art. 13 Lois applicables

Les présentes conditions de vente sont régies exclusivement par les lois de la République italienne. L'application de la convention de l'AIA relative au droit uniforme sur la vente internationale des marchandises ou l'application de la Convention des Nations Unies sur les contrats pour la vente internationale des marchandises ou d'autres conventions relatives à la loi applicable à la vente sont exclues.

art.14 Formation du consentement

Les parties attestent mutuellement que chaque provision du contrat a été amplement discutée par elles et spécifiquement approuvée, au même titre que chacun de ses points et articles.

art. 15 Protection des informations personnelles

Les parties reconnaissent mutuellement qu'elles remplissent toutes leurs obligations en vertu du nouveau règlement européen sur la protection des données (RGPD 679/2016) En passant une commande et/ou en s'enregistrant sur le Site Internet de la Société, l'Acheteur donne son consentement au traitement des données personnelles, conformément aux articles 13 et 14 du RGPD - Règlement (UE) 2016/679, après avoir lu les informations spécifiques disponibles dans une version étendue sur le Site. Le traitement, la mémorisation et la transmission des données personnelles s'effectuent dans le respect de toutes les mesures de précaution qui garantissent la sécurité et la confidentialité, conformément aux dispositions du RGPD, dans le seul but de pouvoir remplir efficacement les obligations légales, civiles et fiscales liées à l'activité économique de la société, y compris la gestion des recettes et paiements découlant de l'exécution des contrats.

ENTRETIEN DU PRODUIT: Voir page 809

PIECES DE RECHANGE

Il est toujours recommandé d'utiliser des pièces de rechange Rubinetteries 3M originales, disponibles sur demande dans tous nos points vente.

ALLGEMEINE VERKAUFSBEDINGUNGEN

Art. 1 Allgemeine Bestimmungen
1.1 Die Lieferungen und die Vertragsbeziehungen zwischen der Gesellschaft Rubinetterie 3M S.r.l., nachfolgend - Verkäufer - und dem Erwerber, nachfolgend - Käufer - werden durch die vorliegenden Allgemeinen Verkaufsbedingungen geregelt.
1.2 Etwaige Abweichungen von oder Ergänzungen der vorliegenden Bedingungen (als besondere Bedingungen verstanden) müssen schriftlich von den Parteien vereinbart werden und gelten nur als angenommen, wenn sie in der Auftragsbestätigung aufgeführt werden. Im Fall von Widerspruch besitzen die besonderen Bedingungen Vorrang.
1.3 Die vorliegenden Allgemeinen Verkaufsbedingungen gelten auch für die internationalen Verkäufe: Es gilt als vereinbart, dass jeglicher Verweis auf Handelsbedingungen (wie EXW, CIP, usw.) als Verweis auf die Incoterms der Internationalen Handelskammer in dem zur Zeit des Vertragsabschlusses geltenden Texts zu verstehen sind.

Art. 2 Änderungen
Der Verkäufer behält sich vor, an den Produkten Veränderungen vorzunehmen, die, ohne die wesentlichen Eigenschaften der Produkte zu verändern, erforderlich sind oder angebracht erscheinen.

Art. 3 Bestellungen und deren Änderungen
3.1 Bestellungen, Verträge und Lieferungsanforderungen sowie Änderungen oder Ergänzungen derselben müssen schriftlich erfolgen.
3.2 Die Gültigkeit etwaiger mündlicher Vereinbarungen, einschließlich Änderungen und Ergänzungen der vorliegenden Bedingungen ist abhängig von der ausdrücklichen Bestätigung seitens Rubinetterie 3M s.r.l.
3.3 Es gelten als schriftliche Bestätigungen auch die mittels Fax oder Internet zugegangenen Mitteilungen.
3.4 Falls nach der Auftragsbestätigung der Verkäufer von Protesten, Beschlagnahmungen, Pfändungen und allgemein beeinträchtigenden Maßnahmen zu Lasten des Erwerbers Kenntnis erhalten sollte oder es bekannt werden sollte, dass der Erwerber sich in einer schwierigen finanziellen Lage befindet, kann der Verkäufer nach seiner Wahl entweder den Vertrag unterbrechen und besondere Gewährleistungen fordern oder den Vertrag wegen mangelnder Erfüllung des Erwerbers gemäß Art. 1456 c.c. (ital. BGB) mittels per Einschreiben mit Rückschein zu versendender Mitteilung aufheben.

Art. 4 Preise
4.1 Falls nicht anders bestimmt, ist der Verkaufspreis, ohne Mehrwertsteuer, der der Preisliste des Verkäufers, die zur Zeit des Vertragsabschlusses in Kraft ist. Sofern der Käufer entscheidet, zum vereinbarten Datum der Bereitstellung und Lieferung die Produkte nicht empfangen zu wollen oder die Bereitstellung oder die tatsächliche Lieferung aus Gründen, die nicht vom Verkäufer abhängen, nicht möglich war, unterliegen die Preise, falls nicht bereits im Auftrag vorgesehen, den Änderungen der Preisliste von Rubinetterie 3M S.r.l. und jedenfalls den Änderungen der Material- und Lohnkosten, die zwischen der Bereitstellung der Produkte bis zu deren Abholung seitens des Käufers oder der Annahme der Lieferung stattgefunden haben. Gebühren, Steuern, Ausgaben bezüglich der Ausstellung von Bankwechseln oder der eventuellen Legalisierung des Vertrags gehen zu Lasten des Käufers.
4.2 Sofern nicht anders vereinbart, verstehen sich die Preise für Produkte mit, auf das vereinbarte Transportmittel bezogene branchenüblicher Verpackung, ab Werk, wobei als vereinbart gilt, dass jegliche weitere Ausgabe oder Belastung zu Lasten des Käufers geht.

Art. 5 Zahlungsbedingungen
5.1 Die Zahlungen müssen unmittelbar an Rubinetterie 3M S.r.l. innerhalb der vereinbarten Fristen erfolgen, nach Verstreichen derselben Rubinetterie 3M Srl ohne jegliche Vorankündigung Verzugszinsen in Rechnung stellt, die ab dem unmittelbar auf das Fälligkeitsdatum folgenden Tag laufen. Diese Zinsen werden gemäß der Gesetzesverfügung Nr. 231/2002 erhöht berechnet. Nach freiem Ermessen von Rubinetterie 3M Srl kann die mangelnde Einhaltung der vereinbarten Zahlungsfristen die Aussetzung etwaiger laufender Lieferungen bewirken, auch wenn diese bereits vereinbart waren. Keinerlei Beanstandung berechtigt den Käufer zur Unterbrechung der Zahlungen. Sendungen von einem geringeren Betrag als € 100,00 (hundert/00) werden ausschließlich als Nachnahme versandt. Für Rechnungen unter einem Betrag von € 250,00 wird eine einzige Bankquittung mit einer kürzeren als der gebräuchlichen Fälligkeit ausgestellt.
5.2 Sofern die Parteien die Nachzahlung vereinbart haben, muss diese in Ermangelung anders lautender Bestimmungen mittels Banküberweisung innerhalb von 30 Tagen ab Rechnungsdatum erfolgen. Die Zahlung gilt als erfolgt, wenn der Betrag in die Verfügungsgewalt des Verkäufers bei seiner Bank eingeht. Sofern vorgesehen ist, dass die Zahlung von einer Bankbürgschaft begleitet werden soll, muss der Käufer mindestens 30 Tage vor dem Lieferdatum eine Bankbürgschaft auf erste Anforderung zur Verfügung stellen, die entsprechend der Einheitsbestimmungen für Bürgschaften der CCI von einer führenden italienischen Bank auszustellen ist und gegen die einfache Erklärung des Verkäufers, die Zahlung nicht innerhalb der vereinbarten Fristen erhalten zu haben, zu zahlen ist..
5.3 Sofern die Parteien die Vorauszahlung ohne weitere Angaben vereinbart haben, wird angenommen, dass die Vorauszahlung den gesamten Kaufpreis betrifft. Vorbehaltlich anders lautender Vereinbarung muss die Vorauszahlung mindestens 30 Tage vor dem vereinbarten Lieferdatum auf das Konto des Verkäufers eingezahlt werden.
5.4 Sofern die Parteien die Zahlung mittels Kreditbrief vereinbart haben, muss der Käufer, vorbehaltlich anderer Abmachung, dafür sorgen, dass ein unwiderruflicher Kreditbrief, gemäß den Einheits-Bestimmungen und -Gebräuchen der CCI für Kreditbriefe, dem Verkäufer mindestens 30 Tage vor dem vereinbarten Lieferdatum zugestellt wird. Vorbehaltlich anders lautender Vereinbarungen muss der Kreditbrief von einer dem Verkäufer genehmen italienischen Bank bestätigt und bei Vorlage zahlbar sein.
5.5 Sofern die Parteien die Zahlung gegen Dokumente vereinbart haben, erfolgt die Zahlung, vorbehaltlich anderer Abmachungen, Dokumente gegen Zahlung.
5.6 Vorbehaltlich anders lautender Vereinbarungen gehen mit der Zahlung verbundene Spesen und Bankgebühren zu Lasten des Käufers.

Art. 6 Lieferfristen
6.1 Sollte der Verkäufer vorsehen, nicht in der Lage zu sein, die Produkte zum vereinbarten Lieferdatum auszuliefern, hat er den Käufer schriftlich rechtzeitig, auch per Internet, zu benachrichtigen und dabei, wo möglich, auch das vorgesehene Lieferdatum mitzuteilen. Es gilt als vereinbart, dass, sollte die dem Verkäufer zuzurechnende Verspätung 9 Wochen überschreiten, der Käufer den Vertrag hinsichtlich der Produkte, deren Lieferung in Verzug ist, mit einer Kündigungsfrist von 10 Tagen mittels einer schriftlichen Mitteilung an den Verkäufer aufheben kann.
6.2 Die etwaige Verspätung auf Grund von höherer Gewalt (wie in Art. 10 bestimmt) oder von Handlungen oder Unterlassungen des Käufers (z.B. mangelnde Mitteilung von für die Lieferung der Produkte erforderlicher Angaben) gilt nicht als dem Verkäufer zuzurechnen.
6.3 Für den Fall der dem Verkäufer zuzurechnenden Verspätung der Lieferung kann der Käufer, vorbehaltlich der Inverzugsetzung des Verkäufers, die Entschädigung des tatsächlichen von ihm bewiesenen Schadens in Höhe von maximal 5% des Preises der verspätet gelieferten Produkte verlangen.
6.4 Vorbehaltlich des Vorsatzes oder schweren Verschuldens des Verkäufers schließt die Zahlung der in Art. 6.3 angegebenen Beträge jeden weitergehenden Schadensersatz wegen mangelnder oder verspäteter Lieferung der Produkte aus.

Art. 7 Übergabe und Versand - Reklamationen
7.1 Vorbehaltlich anders lautender Vereinbarungen erfolgt die Lieferung der Ware ab Werk und dies auch, wenn vereinbart wird, dass die Spedition oder Teile derselben vom Käufer besorgt wird.
7.2 Es wird keine Retourware angenommen, wenn nicht frei Werk in unserem Lager und erst nach vorheriger Genehmigung von Rubinetterie 3M Srl versandt. Die Produkte müssen einwandfrei in ihrer Verpackung enthalten sein und in Kartons geschützt sein. Rubinetterie 3M Srl haftet nicht für Beschädigung der Ware durch unangemessene Verpackung während des Transports des Spediteurs zu unserem Lager. Die empfangene Retourware wird einer sorgfältigen Qualitätskontrolle unterzogen und, sollte diese einen Mangel aufweisen und der Mangel Rubinetterie 3M Srl zuzurechnen sein, wird die Ware ersetzt. Für erhaltenes, unvollständiges, beschädigtes oder nicht entsprechend verpacktes Material ist keine Entschädigung geschuldet und es werden die für die ausgeführten Kontrollen getragenen Kosten in Rechnung gestellt. In diesem Fall bleibt das Material mit nicht Rubinetterie 3M Srl zuzurechnenden Mängeln in unserem Lager höchstens für einen Zeitraum von 30 Tagen zur Verfügung des Kunden. Nach Ablauf dieser Frist wird es automatisch, ohne weitere Ankündigung, in der Gießerei beseitigt. Rubinetterie 3M Srl lehnt jede Haftung für durch Manipulation seiner Produkte hervorgerufene Mängel und für durch die Montage von mangelhaftem Material hervorgerufene Schäden ab.
7.3 . Es versteht sich, dass die direkten Kosten für die Rückgabe der Produkte wegen Ursachen, die nicht dem Verkäufer zugeschrieben werden können, sowie die Transportrisiken, zu Lasten des Käufers gehen. Der maximale Abzug im Zusammenhang mit der Rückgabe von noch in Kartons verpackten und unbeschädigten Verkaufsobjekten wird auf 15 % geschätzt. Der tatsächliche Abzug bei der Rückgabe hängt in jedem Fall mit der vom Käufer gewählten Rückgabeart zusammen (zum Beispiel vom Transportunternehmen oder von der für die Rückgabe gewählten Versandart); Wir empfehlen, die zurückzugebenden Waren sorgfältig zu verpacken und für den Transport ein Transportunternehmen oder eine andere geeignete Transportart zu wählen, bei der die Rückverfolgbarkeit möglich ist. Es ist außerdem nützlich, die zu versendenden Waren zu versichern, da keine Rückerstattung erhalten werden kann, wenn die zurückzugebenden Waren aus beliebigen Gründen nicht ausgeliefert werden.
7.4 Es bleibt vereinbart, dass eventuelle Reklamationen oder Beschwerden den Käufer nicht berechtigen, di Bezahlung der reklamierten Produkte zu unterbrechen oder zu verspäten, ebenso wenig wie die anderer Lieferungen.

Art. 8 Mängelgewährleistung

8.1 Rubinetterie 3M S.r.l. verpflichtet sich, jeglichen ihr zuzurechnenden Fehler, Qualitätsmangel oder Abweichungsmangel der Produkte zu beseitigen, vorausgesetzt, dass dieser gemäß Art. 7.3 rechtzeitig mitgeteilt wurde. Der Verkäufer kann zwischen der Reparatur oder dem Ersatz der mangelhaften Produkte entscheiden. Die in Gewährleistung ersetzten oder reparierten Produkte unterliegen derselben Mängelhaftung für einen Zeitraum von sechs Monaten ab dem Reparatur- bzw. Austauschdatum.
8.1.2 Rubinetterie 3M Srl garantiert alle seine Produkte gegen Fabrikationsfehler wie nachfolgend aufgeführt:
1) 15-jährige Garantie auf edelstahl, auf Gussfehler und Porosität.
2) 15-jährige Garantie auf Chrom, auf Gussfehler und Porosität.
3) 10-jährige Garantie auf Mängel an Mischerpatronen und Einsätzen (es wird daran erinnert, dass der Verschleiß dieser Bauteile eng mit der Wasserqualität verbunden ist).
4) 2-jährige Garantie auf andere als verchromte Oberflächenbehandlungen.
Um die Garantie zu nutzen, wird empfohlen, den Kassenzettel oder einen anderen Kaufbeleg mit dem Kaufdatum aufzubewahren und dem Garantieschein beizufügen.
Die Garantie berechtigt zum Austausch der Teile, die wegen offensichtlicher Fabrikationsfehler den schlechten Betrieb des Produkts verursachen, es sei den, dass dies nicht auf Nachlässigkeit, Fall oder Stöße, fahrlässige Verwendung, falsche Wartung, Manipulation, nicht ordnungsgemäße Installation, Eingriffen nicht befähigter Personen oder höhere Gewalt beruht. Es ist unbedingt erforderlich, vor den Armaturen Filter und Wasserenthärter zu installieren. Die mangelnde Befolgung dieser Bedingungen bewirkt den unmittelbaren Verfall der Garantie selbst. Die Garantie schließt jegliche Haftung unsererseits für alle Folgen einer unsachgemäßen Verwendung, einer nicht ordnungsgemäßen Installation unserer Materialien, einer falschen Wartung oder Pflege des Produkts (siehe unter „Ratschläge für die Pflege des Produkts“) aus. Rubinetterie 3M Srl gewährt keine Entschädigung für den Austausch der mangelhaften Artikel.
8.2 Der Verkäufer garantiert nicht die Entsprechung der Produkte mit besonderen Anforderungen oder technischen Eigenschaften oder deren Tauglichkeit für besondere Einsätze, es sei denn in dem Ausmaß, in dem diese Eigenschaften ausdrücklich im Vertrag oder in Unterlagen, auf die im Vertrag selbst zu diesem Zweck verwiesen wird, vereinbart worden sind.
8.3 Vorbehaltlich des Vorsatzes oder schweren Verschuldens ist der Verkäufer im Fall von Mängeln, Qualitätsmängeln oder Abweichungsmängeln der Produkte ausschließlich zur Reparatur derselben oder der Ersatzlieferung für die mangelhaften Produkte gehalten. Es ist vereinbart, dass die besagte Garantie (die in der Pflicht zur Reparatur oder des Ersatzes der Produkte besteht) die gesetzlich vorgesehenen Garantien oder Haftungen einschließt und ersetzt und jegliche weitere auf die Produkte beruhende Haftung des Verkäufers (sowohl vertraglicher wie außervertraglicher Art) ausschließt (wie z. B. Schadensersatz, Gewinnausfall, Rückrufaktionen, usw.).

Art. 9 Eigentumsvorbehalt
Es wird vereinbart, dass die gelieferten Produkte bis zu vollständigen Bezahlung derselben Eigentum des Verkäufers bleiben. Der Eigentumsvorbehalt wird auf die vom Käufer an Dritte veräußerten Produkte und auf den Entgelt dieser Verkäufe ausgeweitet, innerhalb der Höchstgrenzen des Gesetzes des Lands des Käufers, das den verlängerten Eigentumsvorbehalt regelt.

Art. 10 Höhere Gewalt
10.1 Jede Partei kann die Erfüllung ihrer Vertragspflichten unterbrechen, wenn diese Erfüllung wegen einer unvorhergesehenen, von seinem Willen unabhängigen Verhinderung unmöglich oder unzumutbar wird, wie z.B. Streik, Boykott, Aussperrung, Brand, Krieg (erklärt oder nicht), Bürgerkrieg, Aufstände und Revolutionen, Beschlagnahmungen, Embargos, Energieunterbrechungen, Verspätung der Lieferung von Bauteilen und Rohstoffen.
10.2 Die Partei, die von der vorliegenden Klausel Gebrauch machen möchte, muss der anderen Partei unverzüglich schriftlich den Eintritt und die Beendigung der Umstände der höheren Gewalt mitteilen.
10.3 Sofern die Unterbrechung aufgrund der höheren Gewalt länger als sechs Wochen anhalten sollte, besitzt jede Partei das Recht, den vorliegenden Vertrag mit einer Kündigungsfrist von 10 Tagen aufzuheben. Die Kündigung muss der Gegenpartei schriftlich mitgeteilt werden.

Art. 11 Gerichtsstand
Für jegliche Streitigkeit aus dem vorliegenden Vertrag oder mit diesem verbunden ist der ausschließliche Gerichtsstand das Gericht von Siena. Sollte der Käufer in einem Land außerhalb der EU ansässig sein, werden alle Streitigkeiten aus dem vorliegenden Vertrag oder diesen betreffenden endgültig gemäß der Schiedsgerichtsregelung der Handelskammer Florenz oder mehrerer im Einklang mit dieser Regelung benannter Schiedsrichter entschieden.

Art. 12 Verschiedenes
Die etwaige Unwirksamkeit einer Klausel der vorliegenden Bedingungen oder nachträglicher ergänzender Vereinbarungen bewirkt nicht die Ungültigkeit der anderen Bedingungen. Die Parteien werden eine Ersatzklausel vereinbaren, die den wirtschaftlichen Zweck so weit wie möglich widerspiegelt.

Art. 13 Anwendbares Recht
Die vorliegenden Verkaufsbedingungen werden ausschließlich durch die Gesetze der Italienischen Republik geregelt. Die Anwendung der Haager Konvention über das einheitliche Recht beim internationalen Verkauf von Waren, der Konvention der Vereinten Nationen über die Verträge für den internationalen Verkauf von Waren oder anderer Konventionen über das bei der Veräußerung anwendbare Recht ist ausgeschlossen.

Art. 14 Konsensbildung
Die Parteien bestätigen sich gegenseitig, dass jede einzelne Bestimmung des vorliegenden Vertrags von denselben ausgiebig bearten und besonders verabschiedet wurde, so wie jeder einzelne Punkt oder Artikel.

Art. 15 Schutz der personenbezogenen Daten
Beide Parteien versichern, dass sie alle Pflichten, die durch die neue Europäische Verordnung in Bezug auf den Datenschutz(DSGVO 679/2016) einhalten. Mit der Erteilung der Bestellung und/oder bei der Eintragung auf der Website der Gesellschaft drückt der Käufer seine Genehmigung zur Verarbeitung von personenbezogenen Daten aus, wie dies in den Artikeln 13 und 14 DSGVO - Verordnung (UE) 2016/679 vorgesehen ist, nachdem er das spezifische, auf der Website in ungekürzter Version veröffentlichte Informationsschreiben eingesehen hat. Die Verarbeitung, Speicherung und Übermittlung der personenbezogenen Daten erfolgt unter Beachtung aller Vorsichtsmaßnahmen, die die Sicherheit und Vertraulichkeit gemäß den Bestimmungen der DSGVO gewährleisten, und nur mit dem Ziel, die gesetzlich, zivilrechtlich und steuerlich vorgeschriebenen Verpflichtungen im Zusammenhang mit der Geschäftstätigkeit des Unternehmens, einschließlich der aus der Vertragsausführung entstehenden Verwaltung von Einnahmen und Zahlungen, wirksam erfüllen zu können.
